

STUDENT REFERRAL FORM

Southern University at Shreveport's TRiO Student Support Services (SSS) program is designed to assist first-generation, low-income, and/or students with disabilities toward the successful completion of their postsecondary education. SSS empowers scholars to develop the necessary skills, knowledge and attributes to reach their full academic potential.

If you know a student currently enrolled at SUSLA who is interested in the TRiO Student Support Services program, or know a student that can benefit from SSS services, please use this form to provide us their information. SSS services include academic advisement, transfer and graduation assistance, tutorial services, financial literacy, success workshops, cultural enrichment activities, technology access, and grant aid. The SSS staff will contact the student and assess their potential eligibility. If you have more than one student, please complete a referral for each student.
