

Dear SUSLA Family:

As we all know, the landscape for higher education is changing rapidly. In order to remain ahead of the curve, we must push forward with bold solutions for recruiting students, attracting and retaining talented faculty, increase capacity for long-term sustainability, and for meeting the needs of our community.

With three new state-of-the art learning facilities, expanded course offerings and services, SUSLA stands ready to lead the way for preparing our students for success! **We invite you to take part in this process by participating in SUSLA's 2019 Family Campaign, "A Way Forward...On One Accord"**. By pledging your support, you can help strengthen SUSLA for current and future generations of Jaguars.

Thank you,

Lt. Jeffery Ivey,
2019 Chairperson
