You are entering the World of Online Learning. The self-assessment below is design to determine if you will be successful as an on-line student. Therefore, before you enroll in an online course, take some time to answer the questions below and reflect on your answers.

Let Your Journey Begin Now

Phase 1: Please indicate whether you “Strongly Disagree”, “Somewhat Agree” or “Strongly Agree” with the following statements.

Because of my personal schedule, I need online courses.			
It is difficult for me to go to campus to complete course requirements.			
Online Courses are not easier; they are convenient.			
I am good at setting goals and deadlines for myself.			

If you answered “Strongly Agree” to 4 out of 5 of the above questions, we understand that taking online courses may help you advance in your studies. It is important to note that SUSLA’s **online students** are required to participate in online activities **five days a week**.

We strongly suggest that you include time in your daily schedule to complete your online coursework.

For Example: Designate a least one hour per day, per online course.

Phase II: Please answer “yes or no”:

I have my own computer or I can access a computer multiple times a week.		
I am capable of using standard word processing software.		
I can copy and paste text from my computer to Moodle.
