

FINANCIAL AID & FACULTY

TITLE IV COMPLIANCE

Overview

Complying with the provisions governing federal student financial aid programs is an institution-wide responsibility. Financial Aid rules intersect with numerous academic initiatives on campus, such as **PROGRAM ELIGIBILITY, LDAs, SAP and ENROLLMENT HOURS**. The consequences of not adhering to the established laws, regulations and published guidance can have far-reaching effects on both the institution and students.

Faculty is asked to attend at least one **45 minute** session.
