#### **1. PROCEDURE ON CRIMES OR INCIDENTS REPORTING & RESPONDING ON AND OFF CAMPUS**

All members of the University Community are encouraged to report all on-campus criminal incidents, emergencies, and suspicious activities to the University Police Department in a timely manner. Any person, student or employee who wants to report an emergency, or a suspicious activity, or a crime should do the following:

- a. Dial extension **9349** during normal business hours from any on campus phone for all service calls or unsafe conditions and/or minor emergencies; be prepared to give your name, type of incident - emergency and location. A University Police Officer will respond as soon as possible, start an investigation, and act upon their findings. Once the incident - emergency has been stabilized, the Officer will take a statement (s) from the student, employee or reporting person for an “Incident/Offense Report.” Said report will then be kept on file.
  
- b. To report a crime, notify any Officer of the University Police Department observed on campus, stop by building “J” located between the Student Parking Lot and the Johnny Vance Student Activity Center, or call **318-670- 9349** or Cell **318-573-6709** on the main campus. If the crime is in progress, the reporting person, student or employee should call Cell **318-573-6709** for a timely response. The party reporting the crime should be prepared to give their name, the nature of the crime, and the exact location. A University Police Officer will respond, and take the appropriate action, including apprehending the perpetrator (s) by making an arrest if a crime has been committed and such is possible. A “Crime Incident/Offense Report” will be completed for all criminal offenses. In some instances, and depending on the severity of the crime, the Shreveport Police Department and/or the Caddo Parish Sheriff’s Office will be called for assistance. Those agencies can be contacted at **318-673-2583** or **318-675-2170** respectively; in the event of an emergency do not hesitate to call **911** for either. Victims or witnesses to criminal activity occurring off campus in other local jurisdictions should contact the agency that has responsibility; such as the Bossier City Police Department **318-741-8643**, Bossier Parish Sheriff’s Office **318-965-2203**, or the Louisiana State Police **318-741-7411**. For SUSLA other locations **Metro** and **Aerospace** that are used in direct support for educational purposes, **UPD** may refer reporting parties to the local law enforcement agency. Nevertheless, an officer can be reached by calling Cell **318-609-0040** during normal business hours at Metro. Additionally, Jaguar Courtyard Apartments provides on campus living and is staffed by Resident Assistants and Community Assistants. ### **SEXUAL ASSAULT POLICY**

#### **Statement:**

Southern University at Shreveport is committed to providing a safe environment which promotes the dignity and worth of each member of the community; while complying with the letter and spirit of applicable laws and in pursuit of its own goals of diversity pertaining to discrimination on the basis of sex in employment, education and all other programs and activities. All actions contrary to this policy are a direct violation of both law and policy.

In responding to all complaints and reports, the University will act to ensure the safety of students, guests, and employees in compliance with state and federal laws and policies enacted by the Southern University System and Southern University at Shreveport site specific rules and regulations.

#### **Overview:**

It is vital that members of the University community understand that the law does not just prohibit violations of this and all policies against employees by employers. The law also prohibits violations between members of the University community more generally: for example, between an instructor and a student, between students, or between a student and an applicant or campus guest.

This policy applies to all members of the University community and to third parties, regardless of gender, sexual orientation or gender identity while on campus including, but not limited to, instruction, grading, housing, athletics, electronic communication and employment.

This policy does not substitute for or supersede related civil and criminal law. It is the policy of the University to strongly encourage individuals to report all incidents and violations to law enforcement officials or agencies with appropriate jurisdiction and to avail themselves of all the services and rights to which they are entitled.

Any individual may file a complaint under this policy at any time. However, the University strongly encourages individuals to file complaints promptly in order to preserve evidence for a potential legal or disciplinary proceeding. A delay in filing a complaint may compromise the subsequent investigation. Reporting in a timely way also allows the University to provide all persons involved with information regarding their rights, options, and resources available under this policy and federal or state laws.

All members of the University community are expected to cooperate fully in investigations and other proceedings necessary for the effective execution of this policy.

#### **Definitions:**

**Sexual Harassment** - SUSLA being consistent with the SUS Policy, defines sexual harassment as unwelcome sexual advances, request for sexual favors and other verbal, nonverbal or physical

## **CRIMINAL OFFENSE ON CAMPUS ANNUAL REPORT - 2020**

conduct of a sexual nature. Sexual harassment is conduct made explicitly or implicitly a term or condition of employment or of a student's status in a course, program or activity; or where rejection of such conduct is used as the basis for decisions affecting the individual. Additionally, where such conduct has the purpose or effect of unreasonably interfering with the individual's work performance or educational experience or of creating an intimidating, hostile, or offensive environment.

Conduct which falls into the definition of sexual harassment includes, but is not limited to: **(1)** Unwelcome physical contact of a sexual nature such as patting, pinching or unnecessary touching. **(2)** Overt or implied threats against or promises and actions that give an advantage to an individual to induce him or her to perform sexual favors or to engage in an unwelcome sexual relationship. **(3)** Verbal harassment or abuse of a sexual nature, including intimidating by way of suggesting a desire for sexual relations or making jokes or remarks of a sexual nature to or in front of a person who finds them offensive. **(4)** Use of sexually suggestive terms or gestures to describe a person's body, clothing or sexual activities. **(5)** Displaying or posting offensive sexually suggestive pictures or materials in the classroom or workplace.

**Sexual Assault** – Means subjecting another person to sexual contact to which that person has not consented, to which that person has only submitted due to compulsion, or to which that person cannot legally consent due to age or physical or mental incapacity. All forms of **sexual assault** and sexual contact prohibited by Louisiana law are also included.

**Consent** – is informed. Consent is an affirmative, undeniable, and conscious decision by each participant to engage in mutually agreed – upon sexual activity.

Consent is voluntary. It must be given without coercion, force, threats, or intimidation. Consent means positive cooperation in the act or expression of intent to engage in the act pursuant to an exercise of free will.

**Consent is revocable.** Consent to some form of sexual activity does not imply consent to other forms of sexual activity. Consent to sexual activity on one occasion is not consent to engage in sexual activity on another occasion. A current or previous dating or sexual relationship, by itself, is not sufficient to constitute consent. Even in the context of a relationship, there must be mutual consent to engage in sexual activity. Consent must be ongoing throughout a sexual encounter and can be revoked at any time. Once consent is withdrawn, the sexual activity must stop immediately.

Consent cannot be given when a person is incapacitated. A person cannot consent if she/he is unconscious or coming in and out of consciousness. A person cannot consent if she/he is under threat of violence, bodily injury or other forms of coercion. A person cannot consent if his/her understanding of the act is affected by a physical or mental impairment (For purposes of this policy, the age of consent is consistent with Louisiana State Statues).

**Incapacitation** – is defined as the physical and/or mental inability to make informed, rational judgments. States of incapacitation include, but are not limited to, unconsciousness, sleep, and blackouts. Where alcohol, drugs or other medication are involved, incapacitation is defined with respect to how the alcohol

or other drugs consumed affects a person's decision-making capacity, awareness of consequences, ability to make fully informed judgments, and inability to communicate. Being intoxicated by drugs, alcohol or other medication does not absolve one's responsibility to obtain consent. The factors to be considered when determining whether consent was given include whether the accused knew, or whether a reasonable person should have known, that the complainant was incapacitated.

**Domestic Violence** – Domestic violence is intentionally, knowingly or recklessly causing bodily injury, or offensive physical contact to a family or household member. Family or household members are current or former spouses or domestic partners, individuals presently or formerly living together as spouses, biological parents of the same child, adult household members related by blood, or affinity or minor children of a household member when the violence is committed by an adult household member, individuals presently or formerly living together, and individuals who are or were sexual partners. All forms of domestic violence prohibited by Louisiana law are also included.

**Dating Violence** – Dating violence is violence committed by an individual who is or has been in a relationship of a romantic or intimate nature with another person. Whether a dating relationship exists is determined based on the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved. All forms of dating violence prohibited by Louisiana law are also included.

**Stalking** – Stalking is intentionally or knowingly engaging in a course of conduct involving a specific person that would cause a reasonable person to suffer serious inconvenience or emotional distress, to fear bodily injury to self or a close relative, to fear death of self or a close relative, to fear damage or destruction to or tampering with property, or to fear injury to or the death of an animal owned or possessed by that person. All forms of stalking prohibited by Louisiana law are also included.

**Retaliation** – Retaliation is action taken by the University or any individual or group against any person for opposing any practices forbidden under this policy or for filing a complaint, testifying, assisting, or participating in an investigation or proceeding under this policy. Retaliation includes intimidating, threatening, coercing, or in any way discriminating against an individual because of the individual's complaint or participation. Action is generally deemed retaliatory if it would deter a reasonable person in the same circumstances from opposing practices prohibited by this policy.

### **Educational Programs:**

The Office of Counseling Services, in partnership with Human Resources, Residential Life, Student Support Services, Title IX Coordinator, University Police and any other office deemed appropriate, along with Subject Matter Specific Persons, will present: prevention seminars, forums, and provide brochures throughout the year, or as the need arises, to promote awareness of rape, acquaintance rape, domestic violence, dating violence, stalking, retaliation and other

forcible and non-forcible sexual offenses for incoming students and new employees. Additionally, University Police will routinely conduct safety and security programs, self-defense and avoidance courses, (i.e. alcohol, drug awareness programs), for students with special attention to those in residential housing, emphasizing bystander's intervention. For information on registered sex offenders, visit the LASP Sex Offender's Child Predator's Registry Link located in this report.

### **Bystanders Intervention:**

SUSLA, will enlist all of its students, especially male students in the responsibility to prevent violence against women. They will be urged and encouraged to participate in antiviolence efforts as to how to intervene safely to support victims. University Police will provide information on the prevalence and unacceptability of acquaintance rape and other forms of violence against women on college campuses and the circumstance and situations that foster nonconsensual sexual conduct.

### **Guidelines for Victims:**

Victims of on-campus sexual assault are advised to adhere to the following important guidelines:

- **Preservation of Evidence:**

  - Do not disturb the crime scene; save all clothing and items involved
  - Do not brush teeth, drink anything, or smoke a cigarette until you have been examined
  - Allowing a forensic examination

Although adhering to the above guidelines is most difficult, under such traumatic conditions, the victim aids law enforcement agencies in the preservation of evidence when following these recommendations.

### **How to File a Complaint and How the University Will Respond**

SUSLA, encourages anyone who has experienced sex discrimination, sexual harassment, retaliation, sexual assault, domestic violence, dating violence, stalking or retaliation to report the incident to the appropriate contact at the University. As stated in the Overview of this policy, a report can be made at any time, regardless of when the incident happened. Reporting the incident to the University does not mean that you have to file a formal complaint or bring criminal charges. Reporting the incident, however, will allow the University to provide

- Pressing criminal charges through the District Attorney's Office, with the assistance of the University Police, Shreveport Police or Caddo Sheriff's Office. This action is encouraged whether the accused is, or is not found to be a University student.
- If the accused is found to be a SUSLA student, the victim may request that University disciplinary proceedings begin for redress of the assault, only if an individual is entirely certain that they will not take legal action.

### **University Discipline Procedure:**

During University disciplinary proceedings, the accused will be provided a prompt, fair, and impartial investigation and resolution; conducted by personnel who receive annual training on the issues related to sex discrimination, sexual assault, domestic violence, dating violence, stalking, retaliation and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. Both the victim, and the accused are entitled to have an advisor present during disciplinary proceeding, including all related meetings and proceedings. Furthermore, both the victim and the accused shall be informed simultaneously of the outcome of the disciplinary proceedings in writing and receive written notice of the following as applicable. In investigating sexual assault allegations, the University will rely on a preponderance of evidence and decision-makers will not question the complainant about the complainant's prior sexual conduct with anyone other than the respondent. Information regarding any prior sexual conduct or dating relationship between the complainant and respondent by itself shall not imply consent or preclude a finding of a violation. No direct questioning of the complainant by the respondent will be permitted.

### **The Rights of the Victim in Alleged Sexual Assault Cases:**

- The right not to have the victim's past sexual history discussed during an investigation or during the hearing.

**Administrative Standards**

Southern University at Shreveport has both a right and an obligation to set reasonable standards of conduct for students who voluntarily and willingly choose to become members of the university community. The University Police Department are the sole authority of the investigation of criminal matters. In conjunction with its rights to set up reasonable standards, the university also assumes a right and accepts the responsibility to establish a system of judicial and disciplinary procedures for use when university policies are violated. In turn, the university recognizes the need to ensure that students have the right to fair and equitable hearings. The authority which the university exercises in charging and disciplining students for violations of its regulations differs from the power exercised by civil authorities in prosecuting cases of general law.

Whereas, criminal courts most often seek to punish or deter unlawful behavior; it is generally accepted that judicial proceedings at educational institutions are intended to impress upon individuals their responsibilities, or, in the most severe cases, to remove by suspension, or expulsion to those who should not remain in the academic community.

The federal courts have referred to discipline in academic settings as part of the teaching/learning process. In adopting the University Judicial System, a system which depends largely on the participation of students, and faculty, Southern University at Shreveport recognizes that errors in procedures and rulings may occur. Therefore, when appeals of a student, administrative or judicial disciplinary decisions are made, on a basis of technical, procedural, or interpretive errors, they will be acted upon within the bounds of two principles. First, that the disciplinary format adopted by the university is administrative and judicial in spirit and that considerable latitude must be permitted in order to avoid excessive legalisms and second, that only errors that may reasonably have prejudiced in a significant way, the interests of an accused student are to be grounds for reversal.

In short, it is not intended that mere technicalities should avert a decision which is substantially valid. Additionally, the right to request consideration of an appeal will extend to accused students only, not to their accusers.

Their first duty, upon arriving at a fire, is to search for persons trapped in the building.
