

DAVID RAINES COMMUNITY HEALTH CENTER FIRST GENERATION ENDOWED UNDERGRADUATE SCHOLARSHIP FUND for NURSING AND ALLIED HEALTH

Description

SUSLA is pleased to partner with the David Raines Community Health Center (DRCHC) to establish this fund for Nursing and healthcare majors. As a leader in providing access to quality healthcare to the citizens of the MLK Community and the surrounding communities, David Raines Community Health Center (DRCHC) is committed to investing in the development of talent for the healthcare industry. Each year, DRHC partners with Southern University at Shreveport to grant access to students through scholarships. David Raines Community Health Center's investment will help to remove barriers for students who are first in their family to attend college. The First-Generation Endowed Undergraduate Scholarship fund is matched with contributions from SUSLA's Title 3 fund and a public grant from the Louisiana Board of Regents.

The first-generation fund was established by the Board of Regents for the purpose of increasing college access and success for low-income and first-generation students. The objectives of this fund are:

- To provide scholarships that will increase the access of first-generation students with unmet financial need to higher education opportunities in Louisiana
- To provide eligible students with structured support through active and engaged advising; and
- To provide eligible students with meaningful employment during their education
