Registration Form

Southern University at Shreveport, a unit of the Southern University and A & M College System, a historically black comprehensive community college serving Northwest Louisiana and beyond, is committed to teaching and preparing traditional and non-traditional students for degree attainment, transfer, workforce, continuous learning and self-improvement. This preparation is available through multiple delivery methods and instructional sites for students seeking certificates, technical diplomas and associate degrees.

Southern University at Shreveport Department of Continuing Education offers lifelong learning opportunities for the community, businesses, organizations, and individuals interested in enhancing their quality of life through professional, cultural and other leisure learning enrichment opportunities which allow for personal growth and enjoyment.

*Classes are offered during the day, evenings, and weekends and will be provided when a reasonable number of students are enrolled.
Non-credit courses are open to interested individuals without regard to the eligibility standards for admission to regular college-credit programs*

INSTRUCTORS NEEDED:

If you have a hobby that you would like to share, a subject matter expert, and an energetic presenter, SUSLA welcomes new course proposals. Submit your proposal to jhorton@susla.edu.

VIRTUAL SUMMER CAMPS

We are excited to announce our Virtual Computer Science Summer Camps! We know your youth are anxious to connect with other youth and actively engage their minds this summer – all while having fun! To help you with this, we teamed up with Black Rocket to provide a series of opportunities for your kids to explore their computer science curiosity this summer.

Visit <https://blackrocket.com/online/susla/> to enroll.

NEW! Battle Royale: Make Your First Fortnite Style Video Game: \$75

Fans of Fortnite we need you! Instead of playing the game, design your own. Using a professional 3D game development software, build levels and assets inspired by popular battle royale games like Fortnite. Students can participate in eSports League matches against other schools across the country with a chance to have their levels featured in the Black Rocket master build of the game! This course includes cartoonish action and battle sequences. Student-created games will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.

Immersive activities guided by live, online instructors.

Technical Requirements: This requires a 64-bit operating system. Compatible with MAC and Windows OS only. **Ages: 8-14**

- June 8-12 | 8:30-11:30 AM CST (Ages 8-11)
- June 8-12 | 12:30- 3:30 PM CST (Ages 11-14)
- August 3-7 | 8:30-11:30 AM CST (Ages 8-11)
- August 3-7 |12:30-3:30 PM CST (Ages 11-14)

NEW! JavaScript Developer Jam: \$149

Learn programming tools so powerful they seem like magic! Start off by learning an array of core programming concepts with JavaScript by experimenting in a series of digital challenges. Start with programming your first animated memes, then tackle more advanced skills such as interactive 3D experiences and game creation. Projects will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.

Immersive activities guided by live, online instructors.

Technical Requirements: Compatible with MAC, Windows and Chrome OS. **Additional Fee: \$10 license fee per student with this class. Ages: 8-14**

- June 8-12 | 8:30-11:30 AM CST (Ages 8-11)
- June 8-12 | 12:30-3:30 PM CST (Ages 11-14)
- June 29-July 3 | 8:30-11:30 AM CST (Ages 11-14)
- June 29-July 3 |12:30-3:30 PM CST (Ages 8-11)

NEW! Minecraft Redstone Engineers: \$149

Take the next step beyond simply “playing” Minecraft and become a true Redstone engineer. Expand your Redstone knowledge by constructing your own carnival with a variety of mini-games, roller coasters, and attractions powered by Redstone. Learn how to use Command and Structure blocks to incorporate them into your builds. Activate your skills and take your Minecraft structures to the next level! **Students must own a Java version of Minecraft to take this class.** Tablet, phone, and game console versions of Minecraft are not compatible. Students will work in pairs or teams for most of the program.

Immersive activities guided by live, online instructors.

Technical Requirements: Compatible with MAC and Windows OS only. **Additional Fee: Purchase Minecraft Java Edition from <https://www.minecraft.net/en-us/> Ages: 8-14**

- June 8-12 | 8:30-11:30 AM CST (Ages 11-14)
- June 8-12 |12:30-3:30 PM CST (Ages 8-11)
- July 6-10 | 8:30-11:30 AM CST (Ages 11-14)
- July 6-10 |12:30-3:30 PM CST (Ages 8-11)

NEW! ROBLOX Makers: \$149

Unlock the power of ROBLOX® Studio, the world creation tool used by real-world ROBLOX® developers! Learn how to build 3D models and create an adventure in your ROBLOX® world. Bring characters to life with unique animations you design. Student-created projects will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.

Immersive activities guided by live, online instructors.

Technical Requirements: Compatible with MAC and Windows OS only. **Ages: 8-14**

- June 8-12 | 12:30-3:30 PM CST (Ages 8-11)
- July 6-10 | 8:30-11:30 AM CST (Ages 8-11)
- July 6-10 | 12:30-3:30 PM CST (Ages 11-14)
- August 3-7 | 8:30-11:30 AM CST (Ages 11-14)
- August 3-7 | 12:30-3:30 PM CST (Ages 8-11)

NEW! Code Breakers: \$149

Calling all future coders, programmers, & designers! Learn the basics of coding languages like HTML, JavaScript, and CSS through a series of web projects and design challenges each day and be on your way to becoming the next tech star! Whether you want to be a silicon valley CEO or the high school student who just made \$1 million dollars for programming in her bedroom, this course has the essentials you need to begin your journey. Projects will be available on a Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years.

Immersive activities guided by live, online instructors.

Technical Requirements: Compatible with MAC, Windows and Chrome OS. **Ages: 8-14**

- June 15-19 | 8:30-11:30 AM CST (Ages 11-14)
- June 15-19 | 12:30-3:30 PM CST (Ages 8-11)
- July 6-10 | 8:30-11:30 AM CST (Ages 11-14)
- July 6-10 | 12:30-3:30 PM CST (Ages 8-11)

NEW! Minecraft Modders: \$149

Use your favorite game to learn the basics of modding and foundations of programming. Learn scripting and logic statements as you create your first mods! Introductory coding will also be taught through a simulated environment inspired by Minecraft. Student projects will be available on a password protected Black Rocket website to share with friends and family. Students must own a Java version of Minecraft to take this class. Tablet, phone, and game console versions of Minecraft are not compatible. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years.

Immersive activities guided by live, online instructors.

Technical Requirements: Compatible with MAC and Windows OS only. **Additional Fee:** Purchase Minecraft Java Edition from <https://www.minecraft.net/en-us/> **Ages: 8-14**

- June 15-19 | 8:30-11:30 AM CST (Ages 8-11)
- June 15-19 | 12:30-3:30 PM CST (Ages 11-14)
- July 27-31 | 8:30-11:30 AM CST (Ages 8-11)
- July 27-31 | 12:30-3:30 PM CST (Ages 11-14)

NEW! ROBLOX Coders & Entrepreneurs: \$149

Discover how to code in the Lua language while playing and designing worlds in ROBLOX®, an online universe where you can create anything you dream of. This new class combines game design concepts, coding, and fun! Young entrepreneurs will also learn how to navigate ROBLOX's fast-growing marketplace to publish their games. Student-created games will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.

Immersive activities guided by live, online instructors.

Technical Requirements: Compatible with MAC and Windows OS only. **Additional Fee:** \$10 license fee per student with this class. **Ages: 8-14**

- June 15-19 | 8:30-11:30 AM CST (Ages 11-14)
- June 15-19 | 12:30-3:30 PM CST (Ages 8-11)
- July 27-31 | 8:30-11:30 AM CST (Ages 11-14)
- July 27-31 | 12:30-3:30 PM CST (Ages 8-11)

NEW! Video Game Animation: \$149

Take your game design skills to the next level by creating and animating your own character sprites, objects, and backgrounds. Start with a name, develop the character's personality, signature moves, special powers, and a storyline. Finish with a fully animated character to be used in your very own game. Students do not need any prior experience in game design, animation, or sketching. Student-created games will be available on a password protected Black Rocket website to share with friends and family. Games are only compatible on PC computers; Mac versions can be created after the program for \$15.00 conversion fee. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years.

Immersive activities guided by live, online instructors.

Technical Requirements: Compatible with Windows OS only.

Ages: 8-14

- June 15-19 | 8:30-11:30 AM CST (Ages 8-11)
- June 15-19 | 12:30-3:30 PM CST (Ages 11-14)
- August 3-7 | 8:30-11:30 AM CST (Ages 11-14)
- August 3-7 | 12:30-3:30 PM CST (Ages 8-11)

NEW! Make Your First Video Game!: \$149

If you love playing video games, this is the camp for you! Make your first video game in this one-of-a-kind class that shows you the keys to designing your first 2D platformer game. Conceptualization, play experience, level design, graphics, sounds, and simple coding are just some of the concepts that we'll explore. No prior experience necessary, just a desire to have fun. Student projects will be available on a password protected Black Rocket website to share with friends and family. Games are only compatible on PC computers, Mac versions can be created after the program for \$15.00 conversion fee. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years.

Immersive activities guided by live, online instructors.

Technical Requirements: Compatible with Windows OS only.

Ages: 8-14

- June 22-26 | 8:30-11:30 AM CST (Ages 8-11)
- June 22-26 | 12:30-3:30 PM CST (Ages 11-14)

Python Programmers

Want to learn the world's fastest-growing programming language favored by Google, NASA, Youtube, and the CIA? Learn how to code with Python to create engaging apps and games. Each lesson takes you step-by-step on a programming path that will let you challenge friends with fun content you create from start to finish! Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years.

Immersive activities guided by live, online instructors.

Technical Requirements: Compatible with MAC, Windows and Chrome OS. **Additional Fee: \$10 license fee per student with this class.** **Ages: 8-14**

- June 22-26 | 8:30-11:30 AM CST (Ages 11-14)
- June 22-26 | 12:30-3:30 PM CST (Ages 8-11)
- July 13-17 | 8:30-11:30 AM CST (Ages 8-11)
- July 13-17 | 12:30-3:30 PM CST (Ages 11-14)
- August 3-7 | 8:30-11:30 AM CST (Ages 8-11)
- August 3-7 | 12:30-3:30 PM CST (Ages 11-14)

NEW! Rocket Kart Racers: Design A Mario Kart Style Game: \$149

If you love playing video games, this is the camp for you! Make your first video game in this one-of-a-kind class that shows you the keys to designing your first 2D platformer game. Conceptualization, play experience, level design, graphics, sounds, and simple coding are just some of the concepts that we'll explore. No prior experience necessary, just a desire to have fun. Student projects will be available on a password protected Black Rocket website to share with friends and family. Games are only compatible on PC computers, Mac versions can be created after the program for \$15.00 conversion fee. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years.

Immersive activities guided by live, online instructors.
Technical Requirements: Compatible with Windows OS only.
Ages: 8-14

- June 22-26 | 8:30-11:30 AM CST (Ages 8-11)
- June 22-26 | 12:30-3:30 PM CST (Ages 11-14)
- July 20-24 | 8:30-11:30 AM CST (Ages 11-14)
- July 20-24 | 12:30-3:30 PM CST (Ages 8-11)

NEW! eSports Apprentice — Streamers and Gamers: \$149

streamer, or gamecaster this course will teach you the basics to get started! No longer just a hobby, eSports is the fastest-growing career for the next generation. Over 400 million people watched YouTube videos and Twitch streams of video game competitions this year alone! In this course, students will develop game-play skills and compete using Black Rocket's eSports games and apps, learn how to produce commentary for live tournaments, use professional streaming software, and most importantly practice online safety. Student recordings will be available on a password-protected website to share with friends and family. Students will work in pairs or teams for most of the program. Videos will not be broadcast publicly but will be shared with all students in the class.

Immersive activities guided by live, online instructors.
Technical Requirements: A webcam is required for this course. Software is compatible with MAC and Windows OS only.
Ages: 8-14

- June 22-26 | 8:30-11:30 AM CST (Ages 11-14)
- June 22-26 | 12:30-3:30 PM CST (Ages 8-11)

NEW! 3D Game Design with Unity: \$149

Are you ready to take your game design skills to another level? With Unity, an industry-grade design software, aspiring game designers will learn level editing, 3D modeling, impactful gameplay creation, as well as how to utilize scripts and variables. Student-created games will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years.

Immersive activities guided by live, online instructors.
Technical Requirements: This requires a 64-bit operating system. Compatible with MAC and Windows OS only.
Ages: 8-14

- June 29-July 3 | 8:30-11:30 AM CST (Ages 8-11)
- June 29-July 3 | 12:30-3:30 PM CST (Ages 11-14)
- July 13-17 | 8:30-11:30 AM CST (Ages 8-11)
- July 13-17 | 12:30-3:30 PM CST (Ages 11-14)

NEW! App Attack!: \$149

Take the first steps into the world of mobile app design and customize your own game app! Using a specialized app & game development tool, students will explore the world of web-based (HTML5) mobile apps. In addition to learning the basics of mobile app design and game development, you will also see firsthand how the world of App publishing functions. Student-created apps will be accessible on a private site and can be played on any mobile device or computer. Publishing to App Stores not included. Students do not need to own a smartphone or tablet to take this class. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years.

Immersive activities guided by live, online instructors.

Technical Requirements: Compatible with Windows OS only.

Ages: 8-14

- June 29-July 3 | 8:30-11:30 AM CST (Ages 8-11)
- June 29-July 3 | 12:30-3:30 PM CST (Ages 11-14)

NEW! YouTube Content Creators: \$149

Find your voice and leave your mark on the world! Whether you are six or sixty, it's time to start a career as the next YouTube star. Explore the variety of content and personalities that exist on YouTube and how to find your own niche. Learn the Dos and Don'ts of the platform and how to practice good digital citizenship. Develop your on-camera presence, your own channel branding, and professional editing skills. Take home a plan for launching your own channel with the content created in class! Student projects will be available on a password protected Black Rocket website to share with friends and family. Students work in pairs or teams for most of the program.

Immersive activities guided by live, online instructors.

Technical Requirements: A webcam is required for this course.

Compatible with MAC and Windows OS only. **Ages: 8-14**

- June 29-July 3 | 8:30-11:30 AM CST (Ages 11-14)
- June 29-July 3 | 12:30-3:30 PM CST (Ages 8-11)

NEW! Pokemon Masters: Designers & 3D Makers Unite!: \$149

Calling all boys and girls who want to be the designers of the future! In this class, if you can dream it, you can make it! Begin by creating your own digital Pokemon-style custom playing card game. Progress onto designing action figures, jewelry, and toys in professional-level modeling software. Learn how to prepare a model for 3D printing and create a design portfolio to showcase your work! No prior experience is necessary and 3D designs will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.

Immersive activities guided by live, online instructors.

Technical Requirements: Compatible with MAC and Windows OS only. **Ages: 8-14**

- July 13-17 | 8:30-11:30 AM CST (Ages 11-14)
- July 13 – 17 | 12:30 – 3:30 PM CST (Ages 8-11)

NEW! Code Your Own Adventure! Interactive Storytelling: \$149

Watch as the characters in your imagination come to life in this unique course that blends classic storytelling with animation techniques and coding. Start with a concept, design the characters, and choose not just one ending, but many! Learn how to create your own text-based adventure games with variables, conditional logic, images, HTML, CSS, and JavaScript. Student projects will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.

Immersive activities guided by live, online instructors.

Technical Requirements: Compatible with MAC and Windows OS only. **Ages: 8-14**

- July 27-31 | 8:30-11:30 AM CST (Ages 8-11)
- July 27-31 | 12:30-3:30 PM CST (Ages 11-14)

NEW! Inventor's™ League — Prototyping for the Future! \$90

prototyping' and problem solving as you conceptualize and design a product to solve a critical global issue. Each day begins with inspirational profiles of young inventors, such as the eleven-year-old who coded a robot to find victims of natural disasters. Next, research a problem to tackle in medicine, architecture, the environment, or a topic of your choosing. Once your vision is complete, learn how to draft 2D designs, create 3D models, and develop a website to pitch your ideas to the class. Student projects will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.

Immersive activities guided by live, online instructors.

Technical Requirements: Compatible with MAC and Windows OS only. **Ages: 8-14**

- July 6-10 | 8:30-11:30 AM CST (Ages 8-11)
- July 6-10 | 12:30-3:30 PM CST (Ages 11-14)
- July 20-24 | 8:30-11:30 AM CST (Ages 8-11)
- July 20-24 | 12:30-3:30 PM CST (Ages 11-14)

NEW! Minecraft Animators: \$149

Create the next popular animated video on YouTube! Practice the same skills professionals at Pixar and Disney Animation Studios use. Discover the process of keyframing and tweening, how to use it to bring your own animated stories to life, and how to publish your content on YouTube. Student projects will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program. Mac users can play their project at home, but will not be able to edit the project without a PC. Returning students can create more advanced projects that build on previous years.

Immersive activities guided by live, online instructors.

Technical Requirements: Compatible with Windows OS only. **Ages: 8-14**

- July 13-17 | 8:30-11:30 AM CST (Ages 11-14)
- July 13-17 | 12:30-3:30 PM CST (Ages 8-11)

NEW! Minecraft Animators: \$149

wanted to design your own world, this class is for you! Learn how to create a custom map, the basics of creating 3D models using a new software to design your very own objects, how to build with Redstone and Command blocks, and create custom textures for you to import at home or share with friends. Students must own a Java version of Minecraft to take this class. Tablet, phone, and game console versions of Minecraft are not compatible. Parent email address is required to use 3D modeling software. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years.

Immersive activities guided by live, online instructors.

Technical Requirements: Compatible with MAC and Windows OS only. **Additional Fee:** Purchase [Minecraft Java Edition](https://www.minecraft.net/en-us/) from <https://www.minecraft.net/en-us/> **Ages: 8-14**

- July 20-24 | 8:30-11:30 AM CST (Ages 8-11)
- July 20-24 | 12:30-3:30 PM CST (Ages 11-14)

EDUCATION

Creating Classroom Centers: \$115

implement center activities that boost independent learning in the classroom. You will start out by learning what a center is, what benefits it offers, and how to make the most of it. Next, you will explore some very common mistakes teachers make with centers and gain tips for keeping your planning time to a minimum. You will receive step-by-step instructions for creating a center schedule that students at every reading level can use independently.

Short on classroom space? You will get great ideas for storing your center and explore some alternatives to having a permanent spot for every center. You will master an easy, effective process for introducing centers and their materials to your students and develop strategies for what to do when things don't go quite as planned. The insights you will gain will show you how to adjust your centers routine for both your fastest learners and those who need more time.

Think centers can only be used for reading and language arts? Think again. You will discover effective ways to use centers to support math, science, and social studies instruction. You will also see how you can use technology - such as virtual bulletin boards, apps, and interactive white boards - in your center activities to help keep your students engaged. By the time you finish, you will have a wealth of resources and center ideas you can try out in your classroom immediately.

(318) 670-9571

Teaching Students with Learning Disabilities: \$115

This course will teach you how to meet the diverse needs of students with disabilities in your classroom. With lessons developed by an experienced special educator, you will explore the special education process, from working with individualized education programs (IEPs) to helping students struggling with reading comprehension, math skills, and writing. In this course, you will discover easy, practical, and creative strategies that will help your struggling students find their light bulb moments.

You will also discover fun games you can incorporate, tips for modifying your classroom, and many tested methods for bringing out the best behavior in your students. Whether you are in the classroom, studying for the Praxis Special Education exam, or preparing to work with students in a variety of settings, this course will help you to understand and empower your students with learning disabilities.

www.Ed2Go.com/SUSLA
(318) 670-9571

HEALTH & WELLNESS

Gold Certified Personal Trainer Course: \$565

This online personal trainer course is a SELF-PACED program with short, impactful online videos to be a successful personal trainer in the fitness industry. The lessons will help you with key core topics to learn how the body functions under the stresses of exercise. Learn exercise physiology, kinesiology, nutrition and more. The essential practical skills are packed with insightful drills that you can duplicate to master the skill set. This course is loaded with practice quizzes, discussion boards and much more. We have included incredible veteran fitness mentors to help your successful outcome. Our supplemental internship programs walks you into some great job opportunities. Your test vouchers for the NCCA Accreditation national exams are included and a must for employers. Turn your passion into a career.

Additional Fee: \$35 outside gym fee for a review and practical skill exam (if needed). (32 Hours over 6 weeks)

Instructor: W.I.T.S.
June 12-July 18
Online

Lifestyle Wellness Coaching Course: \$399

This unique Lifestyle Wellness Coaching Certification course will show your client that providing specific insights into their individual wellness is just as vital to their long term success as creating an exercise program. Our Lifestyle Wellness Coaching course will enable you, as a trainer, to communicate, motivate, and support your client IN NEW INNOVATIVE WAYS towards reaching their goals. This self-paced online-mentored class will help you develop the personal skills you need to lead your clients, while opening new revenue streams outside of just exercise training sessions! Your clients will achieve long-term fitness and lifestyle wellness goals for likely the first time ever. You will provide your clients with personal awareness techniques that will create new possibilities and help them overcome previous limitations.

Lifestyle Wellness Coaching Certification includes 12 hours of video instruction, drills and testing. The W.I.T.S. video lessons will teach you the skills of successful coaching and allow you to practice and build confidence in your coaching relationships as a lifestyle wellness coach. This is the next level in your professional growth to build your personal business and increase your billable hours. (13 Hours over 4 weeks)

Instructor: W.I.T.S.
June 16-July 21
Online

Senior Fitness Specialist Course: \$399

This certification class is for health and fitness professionals wanting to gain knowledge, training, and competency to assess fitness levels, design fitness programs and provide motivating exercise instruction for older adults. This course is a great addition to your knowledge base and allows you the opportunity to learn the proper exercise techniques, stretching, programming and safety needed for your older adult clients. The population of individuals 65 and older is increasing rapidly. This presents the personal trainer with multiple opportunities to work with clients as they age. However, it does require specialized knowledge and training, because chronic medical conditions will alter older adults' need for and response to exercise. **Tuition include online exam.** (20 Hours over 5 weeks)

Instructor: W.I.T.S.
June 16-July 21
Online

Group Fitness Course: \$565

This online self-paced mentored certification course will help you to develop skills for leading any group in an exciting safe routine. Lectures will cover the essentials of group exercise history, music, choreography, safety techniques, as well as basic applied science specifically relating to group strength, cardiovascular, muscular, and flexibility. Practical labs will expand into skill development for functional training, sports conditioning, circuit, boot camp, dance, step, kickboxing and equipment-based class techniques. A mind body class overview in Yoga & Pilates will cap it off so you can incorporate this knowledge into sections of your classes.

The national exams for the certification credential are included with this program. Tuition include online exam. Additional Fee: \$35 outside gym fee for a review and practical skill exam (if needed). (32 Hours over 6 weeks)

Instructor: W.I.T.S.
June 16-July 21
Online

LANGUAGE

Discover Sign Language: \$115

Discover Sign Language teaches one how to sign basic phrases and expand to complete sentences and see how to put it all together, so you can introduce yourself and start a conversation. Along the way one will learn signs for colors, numbers, where you live, family, and the activities you like to do and even the ones you don't. You will also gain an introduction to the world of the hearing-impaired culture and explore topics such as lip-reading, baby signs, and the career of interpreting. By the end of the course, when you meet a hearing-impaired person, you will be ready to sign!

A new session of each course starts monthly. Two lessons are released each week for the six-week duration of the course. You will have access to all the released lessons until the course ends.

For more information:
www.Ed2Go.com/SUSLA
(318) 670-9571

Grammar Refresher: \$115

Develop your English grammar skills and take your writing and speaking to the next level of excellence in this course. This course explores the eight parts of speech, punctuation and mechanics, and foundational sentence construction. You will learn about phrases, clauses, problem words, common grammar mistakes, and much more through practical, hands-on exercises. You will also learn through short videos, examples, and even fun games. Take your writing and speaking to the next level of excellence!

LEGAL

Certified Paralegal: \$2495 (voucher included)

In this course, you will learn about the U.S. legal system, how to conduct legal research and legal interviews, how to perform legal analyses, and more. As you prepare for your paralegal career, you will also receive soft skills training to increase workplace effectiveness.

Your training will prepare you to take the Certified Paralegal certification exam through the National Paralegal certification exam through the National Association of Legal Assistants (NALA). Through our partnership with NALA, Certified Paralegal students have full access to their legal library. Upon completion and fulfillment of eligibility requirements, you will receive a prepaid voucher for the NALA CP exam.

Prerequisite: There are no prerequisites to take this course. However, a high school diploma, GED or HiSet is need to start a career as a paralegal. We also recommend that you have basic computer skills, including proficiency in the MS Office suite and fundamental keyboarding skills.

In order to meet the eligibility requirements to sit for the NALA Certified Paralegal exam, you must hold a bachelor's degree in any field or have seven years of experience as a legal assistant under the supervision of a member of the Bar. We encourage you to review exam requirements prior to enrolling in this course.
