If you are looking for a fully Online Course choose **internet** under Instructional Method and look for the Section 400 courses.

The screenshot shows the SUSLA Banner Web Services Class Schedule Search page. The page includes a search bar, a "Class Schedule Search" heading, and a "Class Search" button. The "Instructional Method" dropdown menu is open, showing options: "All", "Internet", and "Hybrid". A blue arrow points from the text above to the "Internet" option. Another blue arrow points from the text below to the "All" option. The page also displays a list of subjects, course numbers, titles, credit ranges, part of terms, instructors, and session times.

If you are looking for a Hybrid Course choose **all** under Instructional Method, instead of internet, and look for the Section 600 courses.

Finally select Class Search and begin looking.
