Revised 02/2019

Southern University at Shreveport
School of Nursing
Associate of Science in Nursing

Approval and Accreditation

The nursing program has accreditation through the *Accreditation Commission for Education in Nursing, Inc. (ACEN)*, 3343 Peachtree Road NE, Suite 850, Atlanta, GA 30326; Phone: 404.975.5000, Fax: 404.975.5020, www.acenursing.org.

The nursing program is approved through the *Louisiana State Board of Nursing (LSBN)*, 17373 Perkins Road, Baton Rouge, LA 70810; Phone: 225.755.7500, Fax: 225.755.7584, www.lsbns.state.la.us.

Purpose

The nursing program seeks to educate individuals to become registered nurses at the associate degree level. It is designed to provide the foundation for further preparation in nursing and life long learning. The program prepares a nurse generalist for beginning professional practice using knowledge derived from the liberal arts, biological sciences, physical sciences, behavioral sciences, and nursing. Individuals will be prepared to practice in a variety of health care settings, and encouraged to continue personal and professional growth. The program emphasizes excellent teaching with a commitment to student-faculty interaction. Individual talents, backgrounds, experiences, perspectives and insights are recognized and appreciated by faculty. Graduates will be eligible to apply to write the National Council Licensure Examination (NCLEX-RN®)

Program Goals

The Associate of Science in Nursing program at Southern University at Shreveport is designed to provide and/or promote:

1. An accessible program, which recognizes and is sensitive to the needs of learners.
2. Collegial relationships, which foster learning through a strong student-faculty alliance.
3. An interactive environment, which encourages critical thinking and the development of problem solving skills necessary to meet the challenges of a rapidly changing health care system.
4. Learning experiences, which teach the management of complex health problems through knowledge and use of health care resources.

5. Interactive experiences with culturally, racially, socio-economically, and ethnically diverse populations which will enhance the development of skills and strategies necessary to provide appropriate levels of care to differing groups.
6. Learning opportunities that recognize the importance of communication between clients and health care professionals.
7. Knowledge that will enhance career advancement.
8. A foundation for baccalaureate study.

Student Learning Outcomes

At the completion of the Associate of Science in Nursing Program at Southern University at Shreveport, students should be able to:

1. Demonstrate safety and quality when implementing holistic care using nursing judgments that are based on respect for preferences, values and needs and that promote positive outcomes for diverse individuals, families and groups.
2. Demonstrate therapeutic communication, caring, and professionalism that fosters collaboration with the interdisciplinary team and working relationships with individuals, families, groups, and peers.
3. Demonstrate use of legal and ethical standards of the nursing profession when incorporating current evidence-based practices and facilitating education that empowers individuals, families, and groups to develop behaviors which foster positive patient outcomes.
4. Demonstrate lifelong learning by expanding nursing knowledge through the examination of evidence and best practices and the use of current technology to improve the quality of care for individuals, families, and groups.

Southern University at Shreveport
School of Nursing

Admission and Progression Policies

Southern University at Shreveport assures equal opportunity for all qualified persons without regard to race, color, religion, sex, sexual orientation, national origin, age, disability, marital status, or veteran's status. This policy is in accordance with the following:

- Title VI, Civil Rights Act of 1964, as amended
- Executive Order 11246, as amended
- Revised Order Number 4
- The Vietnam Era Veteran's Rehabilitation Act of 1974
- Title VII and VIII of the Public Health Service Act – Title 1X of the Education Amendments of 1972 – Age Discrimination of Employment Act of 1975
- Louisiana Executive Order Number 13
- Louisiana Civil Service Law
- American's with Disabilities Act of 1990

All individuals will be afforded equal opportunity for admission and progression in the Nursing Program. For individuals with disabilities, reasonable accommodations will be made to policies, practices, or procedures as necessary to achieve course objectives, when there is no risk to client safety. If reasonable accommodations are requested and not received, the student has the right to file a grievance with the Director and the University if said student believes that he/she has been treated in a discriminatory manner. The student reserves the right to refuse any offered accommodations.

A candidate for the Associate of Science in Nursing program must possess abilities and skills in the following categories: observation, communication, motor, and behavioral modes. *The examples cited below do not constitute an exhaustive list.*

1. Observation: A candidate must be able to observe a patient/client accurately. Examples of observation may include listening to heart and breath sounds visualizing the appearance of a surgical wound, detecting the presence of a foul odor, and palpating an abdomen.
 - A. Hearing
 - B. Vision
 - C. Tactile
 - D. Smell
2. Communication: A candidate must be able to communicate effectively with patients/clients and other members of the health care team. The student must be able to interact with clients/patients and other members of the health care team in order to obtain information, describe patient status, and perceive verbal and non-verbal communication.
 - A. Interpersonal abilities

B. Communication abilities

3. **Motor:** A candidate must have adequate gross and fine motor function sufficient to effectively work with nursing problems and issues, and carry out related nursing care. Physical abilities should be such that an individual may enter, leave and move about a room without difficulty; and maneuver in small spaces. Examples of nursing care include ambulating and positioning patients; the performance of cardiopulmonary resuscitation; the administration of intravenous, intramuscular, subcutaneous and oral medications; the application of pressure to stop bleeding; the opening of an obstructed airway; and the provision of client daily hygiene care.
 - A. Physical abilities
 - B. Gross motor abilities
 - C. Fine motor abilities

4. **Behavioral:** A candidate must possess the emotional health required for total utilization of his/her intellectual abilities. Candidates must be able to tolerate physically taxing workloads and to function effectively in stressful situations. They must be capable of adapting to ever-changing environments, displaying flexibility in appropriately interacting with others, and learning to function in uncertain situations that are inherent in clinical situations involving clients. The ability to critically think is essential.

Admission Requirements

Students will be admitted to both tracks of the nursing program (generic and LPN-RN) in both the fall & spring semesters. Students seeking admission must submit an application to the first required nursing clinical course. **No wait list will be maintained.**

Eligibility:

1. Be unconditionally admitted to Southern University at Shreveport
2. Submit a completed application to the Nursing Program by the deadline date (August 1st for the spring semester; March 1st for the fall semester)
3. Declare nursing as a major
4. Complete at least 12 course credit hours at Southern University at Shreveport
5. Complete all pre-requisite courses
6. Obtain a grade of “C” or above in all non-nursing pre-requisite and non-nursing required courses. ***Science courses must not be older than five (5) years.***
7. Have an overall grade point average of 2.5 or above
8. Complete the National League for Nursing Pre-Admission Examination RN and achieved a composite score of 120 or better.
9. Not enrolled in another school or university in the semester in which application is made
10. Complete the Louisiana State Board of Nursing Application to Enroll in a Clinical Nursing Course (*Complete after initial acceptance into clinical)
11. Submit a completed health form (*Complete after initial acceptance into clinical)
12. Provide verification of CPR certification (*Complete after initial acceptance into clinical)

Criteria for selection:

If the number of eligible students applying to the nursing program exceeds the number of available positions in the course, students scoring higher on the pre-admission exam will be selected. If there is more than one student qualifying for the last position (identical pre-admission scores), the student with the highest overall grade point average will be selected. If GPA's and pre-admission scores are identical, then the person having completed more hours at SUSLA will be selected.

Other criteria:

1. Persons whom have previously been enrolled in a nursing program at another school or university and were not successful, were dismissed from the program, or were not in good standing at the last enrollment, are not eligible to apply until three (3) years after the semester of the last enrollment in the program.
2. Students who were dismissed for academic reasons from the School of Nursing, Southern University at Shreveport, are not eligible to re-apply until two (2) years or 4 regular semesters (spring/fall) after the semester of the last enrollment in the nursing program.
3. Persons conditionally accepted into the nursing program must obtain approval to begin clinical courses by the Louisiana State Board of Nursing (LSBN). Students may NOT begin clinical nursing courses if the investigative process of the LSBN reveals evidence of grounds for denial of licensure in accordance with L.R.S. 37:921, LAC 46:XLVII.3324, 3331 and 3403.

Criteria for selection in subsequent nursing courses when an interruption occurs:

The number of students in each nursing clinical course may vary according to the resources available to the nursing program. If progression in a clinical nursing course is interrupted for any reason, the student must apply to re-enroll into the course(s) where the interruption occurred.

1. Course placement will be dependent upon resources available. If the number of students applying to re-enroll in a nursing clinical course exceeds the number of positions available, overall grade point average will be used as the criterion for selection. Highest overall GPAs will be selected until all available positions are filled.
2. If the interruption in the clinical course sequence is for more than two consecutive regular semesters (spring/fall), the student will be responsible for meeting the requirements of the current curriculum.
3. If the interruption is for more than 2 years (4 regular semesters: spring/fall), the student will be required to repeat all courses in the professional component of the nursing major. The student must re-apply to the nursing program and complete all admission/eligibility requirements. Students will be considered with all other applicants.

Transfer students:

In accordance with University policy, students who have been enrolled at another institution must report official transcripts from each college or university previously attended. Transfer credit may be given for those courses taken at accredited institutions

provided that the courses fall within the scope of the approved curriculums. Acceptability of non-equivalent courses is subject to the approval of the Director.

Transfer students requesting admission into the nursing program must meet application deadlines and admission criteria.

1. Transfer students requesting to challenge nursing courses at Southern University at Shreveport must have successfully completed equivalent nursing courses from other schools or universities within the last three years. Students will only be permitted to challenge NURS 125 or NURS 135.
2. Students who have been placed on probation or dismissed for academic or professional reason from another institution are not eligible for admission to the nursing program until after three years from the last enrollment in the former nursing program; and may not challenge nursing courses.

Progression

To progress in the nursing program, students must:

1. Maintain a Southern University at Shreveport overall grade point average of 2.0 or higher.
2. Earn a grade of “C” or better in each required course in the professional component of the nursing curriculum.
3. Achieve a satisfactory evaluation in the clinical area of each required course in the professional component of the nursing curriculum. Unsatisfactory performance in the clinical area will result in a course grade of “D”, even though the student may have earned a grade of “C” or better in the didactic component of the course.
4. Earn a grade of “C” or higher in each course in the nursing curriculum. If a grade of “D” or below is earned in any non-nursing required course, the student may progress, provided that the course is not a pre-requisite to a course in the professional component of the nursing curriculum. However, the course must be repeated.
5. Successfully complete pre-requisite course requirements.
6. Complete an annual health form.
7. Provide evidence of current CPR certification before the start of class.

Probation:

A student may be placed on probation when failing to comply with the academic and professional conduct standards of the School of Nursing. A violation has occurred when:

1. A lack of professional compatibility is demonstrated when the standards described in the Louisiana Nurse Practice Act and the American Nurses Association Code of Ethics are not met
2. Earning a *first* grade of “D”, “F”, or “W” in any required clinical nursing course
3. Failure to satisfactorily complete a standardized course specific exam for any required nursing course
4. There is a criminal arrest or charge in any state or foreign country.

Suspension:

A student who is arrested, charged with, convicted of, pled guilty or nolo contendere to, a criminal offense in any state or foreign country will be immediately suspended from all clinical nursing courses. Suspension will remain in effect until the Louisiana State Board of Nursing grants approval to continue in clinical nursing courses.

Dismissal:

1. Upon reasonable suspicion that any of the following have occurred, the student will be immediately dismissed from the School of Nursing. The dismissal may be appealed to the Committee on Academic and Professional Standards (CAPS) within the School of Nursing. A recommendation will be made by CAPS to the Nurse Faculty Organization, whom will make a final determination by a majority vote. The determination made by the Nurse Faculty Organization is binding within the School of Nursing.
 - A. Academic cheating
 - B. Plagiarism
 - C. Unauthorized possession of examinations
 - D. Falsification of patient or agency records
 - E. Falsification of Southern University documents
 - F. Illegal possession, sale, use or distribution of drugs
 - G. Illegal possession of weapons
 - H. Theft
 - I. Any other activity that is incompatible with professional behavior as delineated by The Louisiana Nurse Practice Act, The American Nurses Association Code of Ethics, or Southern University.

2. A student will be dismissed from the School of Nursing when:
 - A. Earning a grade of “W”, “D”, or “F” in a required clinical nursing course after enrolling for the *second* time
 - B. Earning two grades of “D”, or “F” in the nursing curriculum
 - C. Withdrawing from a clinical nursing course after having previously withdrawn from two other clinical nursing courses. Only two withdrawals are permitted in the professional component of the nursing curriculum. A student withdrawing for a third time will be dismissed from the Nursing Program. This policy applies only to courses following NURS 125: Basic Principles of Nursing or NURS 135: Role Transition to Professional Nursing. Students earning a *first* “W”, “D”, or “F” in NURS 125 or NURS 135 will be dismissed from the nursing program. Students are eligible to apply to the nursing program at the next regular semester in which applications are accepted. Students will be considered with all other applicants and must meet eligibility criteria.
 - D. Continuing to demonstrate a lack of professional compatibility while on probation
 - E. Being denied approval by the Louisiana State Board of Nursing to continue
 - F. Failing to declare criminal charges, arrests or convictions that occur while matriculating in the program

G. Deemed ineligible to continue by the Louisiana State Board of Nursing

Exceptions:

Students have the right to request an exception to any of the School of Nursing policies. Letters of exception are submitted to the Committee on Academic and Professional Standards. After consideration, the Committee submits its recommendation to the Nursing Faculty Organization for a final decision.

Grading Scale

The School of Nursing uses a 6 point grading scale in the evaluation of students. The manner in which the scale is used is demonstrated below.

94-100	A
87-93	B
80-86	C
73-79	D
72-Below	F

Articulation

The School of Nursing has developed an articulation model that recognizes the education and training of Licensed Practical/Vocational Nurses. LPN's/LVN's will be able to advance their education with minimal duplication of knowledge and skills, while maintaining the integrity of the educational process and the autonomy of practical/vocational nursing programs.

The Licensed Practical/Vocational Nurse articulating into the Associate of Science in Nursing Program will be awarded credit hours in the professional component of the nursing curriculum, upon successful completion of the transition course. Transfer of non-nursing courses will be according to the policy of the University.

Applicants are required to complete an application to NURS 135 and the National League for Nursing Acceleration Challenge Exam (NACE) I – PN to RN (Foundations of Nursing). The exam “assesses fundamental skills needed to meet physiological and psychosocial needs of clients who are in stable condition”.

For entry into the LPN-RN track, applicants must:

1. Be unconditionally admitted to Southern University at Shreveport
2. Be a graduate of an approved LPN/LVN program
3. Declare nursing as a major
4. Successfully complete 12 hours at Southern University at Shreveport
5. Have a valid, *unencumbered* license to practice as an LPN in the State of Louisiana
6. Successfully complete the Nursing Acceleration Challenge Exam (NACE) I – PN to RN

7. Successfully complete with a grade of “C” or better the following courses:

CHEM 130	General Chemistry
ENGL 110	Freshman English I
ENGL 111	Freshman English II
MATH 135	Pre-Calculus Algebra
MATH 200	Finite Math
BIOL 200	General Microbiology
BIOL 220	Anatomy & Physiology I Lecture
BIOL 222	Anatomy & Physiology II Lecture
PSYC 250	Developmental Psychology
8. Have an overall GPA of 2.5 or above
9. Submit an application by the deadline date with the following attached:
 - Verification of current State of Louisiana license to practice as an LPN
 - Verification of IV certification
 - Verification of CPR certification
 - Current health record

Criteria for selection:

If the number of eligible students applying to the LPN to RN accelerated track of the nursing program exceeds the number of available positions in the course, students scoring higher on the NACE I PN to RN Exam will be selected. If there is more than one student qualifying for the last position (identical NACE I scores), the student with the highest overall grade point average will be selected. If GPA’s and NACE I scores are identical, then the person having completed more hours at SUSLA will be selected. No wait list will be maintained. Students not selected for the professional component must resubmit an application for the next clinical cycle.

Other expectations:

Students admitted to the nursing program will be expected to:

1. Have access to a reliable vehicle for transportation to and from the clinical site
2. Assume the cost of travel to and from the clinical site
3. Assume any liability associated with travel to and from the clinical site

Pre-Admission Exam Requirements

National League for Nursing Pre-Admission Examination

The National League for Nursing Pre-Admission Examination is a requirement for consideration for admission to the nursing program. It assists in the admission, guidance and placement of individuals desiring to become registered nurses. It assesses an individual's potential for success in the program. A composite score of 120 is required for consideration for admission into the program. The cost of the examination is the responsibility of the applicant and will vary depending on cost to the University. For more information: www.nln.org

National League for Nursing Acceleration Challenge Exam (NACE) I – PN to RN (Foundations of Nursing)

The National League for Nursing NACE I – PN to RN is a requirement for consideration for admission to the nursing program. It assists in the admission, guidance and placement of individual desiring to become registered nurses. The test reflects steps of the nursing process in adult health, psychiatric, pediatric and obstetrics and include questions on nutrition, pharmacology, and therapeutic communication. The exam is normed on associate degree students. The cost of the examination is the responsibility of the applicant and will vary depending on the cost to the University. For information: www.nln.org
