ABOUT THE UNIVERSITY

HISTORICAL SKETCH OF SOUTHERN UNIVERSITY AT SHR EVEPORT

Southern University at Shreveport, a unit of the Southern University System located at Baton Rouge, Louisiana, was created by Act 42 of the ordinary session of the Louisiana Legislature on May 11, 1964, and designated a two-year commuter college to serve the Shreveport-Bossier City area. Its basic emphasis was to provide the first two years of typical college and university work.

ACT NO. 42

To establish, as a branch or extension of Southern University, a two-year junior commuter college in the Shreveport-Bossier City area and to direct the State Board of Education to determine the location for the college, acquire the necessary land therefore, to erect, equip and furnish necessary buildings for the establishment of the college, and to administer the college.

Be it enacted by the Legislature of Louisiana:

Section 1. There is hereby established, as a branch or extension of Southern University, a two-year junior commuter's college which shall be located in the Shreveport-Bossier City area.

Section 2. The State Board of Education shall determine the location for the college, shall acquire the necessary land therefore and shall construct, equip and furnish the buildings necessary therefore.

Section 3. The State Board of Education shall administer the college.

Section 4. If any provision or item of this Act or the application thereof is held invalid, such invalidity shall not affect other provisions, items or applications of this Act which can be given effect without the invalid provisions, items or application, and to this end the provisions of this Act are hereby declared severable.

Section 5. All laws or parts of laws in conflict herewith are hereby repealed.

Governor John H. McKeithen signed this Act on June 27, 1964, and the institution was opened for instruction on September 19, 1967. The definitive designation of Southern University at Shreveport as a unit of the Southern University System reflects historical precedence. On October 28, 1974, the Louisiana Coordinating Council for Higher Education (now Board of Regents) granted to the Institution its approval of six associate degree programs in Business, Office Administration, Natural Sciences, Medical Office Assistant, Social Sciences, and Humanities. The Board's approval resolved any conflict of definition in the historical statement of purpose. Therefore, today, applying the terminology of the Southern Association of Colleges and Schools, Southern University at Shreveport is a unit of the Southern University System, rather than a branch or extension of the Baton Rouge campus.

Furthermore, in 1977, the Board of Regents Master Plan for Higher Education in Louisiana cited,

... Southern University should begin immediately to plan programs and services of the type appropriate to a comprehensive community college in order to contribute to the future economic development of the greater Shreveport area.

Therein, the Institution was charged to expand its one- and two-year offerings in keeping with the manpower needs of the Shreveport area and to cooperate with nearby vocational-technical schools where possible. The Master Plan defined research activities as — appropriate to further the role of the Institution as a comprehensive community college, with lower level undergraduate instruction and public service receiving top priority.

By April 1978, Southern University at Shreveport was granted approval to begin awarding the associate degree in Medical Laboratory Technology. With the thrust toward instruction in paraprofessional or occupational education opportunities, the Institution began exploring the nature of the comprehensive community college.

In 1981, the Federal Justice Department mandated that the Southern University System enter into a Consent Decree that led to several major changes for the Institution. When the Consent Decree was ordered on September 8, 1981, inconclusive issues remained concerning post-secondary education in the Caddo- Bossier area. As a result, a panel of experts was appointed to study the situation and by March 15, 1982, all parties involved entered into an Addendum to the Consent Decree (Civil Action No. 80-3300, Section —A|| of the United States District Court), a move that had tremendous impact on Southern University at Shreveport. Several enhancement procedures were mandated in the addendum by the court, including new administrative positions, the utilization of an assisting agency in developing long- range plans and programs, the creation of a six-year institutional plan, the piloting of off-campus extension sites, and the interchange of students and faculty with Bossier Parish Community College.

For seven years, the Institution participated in this Consent Decree. All activities, as described in the Decree, had to be monitored on a bi-monthly basis through reports submitted to the Louisiana Board of Regents. Southern University at Shreveport complied with every portion of the mandate. The Board of Regents approved fifteen new programs for implementation at the Institution during this time period. Southern University at Shreveport was the only state institution commended for the manner in which its proposals were presented to and defended before the Board of Regents. These new programs helped the Institution to promote its development as a comprehensive community college.

The Consent Decree, in part, involved the acquisition of a satellite campus site, “preferably in an area of the city that was amenable and accessible to the diverse multi-cultures served by the Institution”. A downtown location was deemed best, primarily because of the large number of business sites and office workers employed in that area. After conducting assessments of the kinds of educational training needs projected by the

downtown employee population, the Institution chose to bid on portions of 610 Texas Street in 1987. The Southern University Board of Supervisors, the State Board of Regents, and the Division of Administration approved the bid by October 1987.

Southern University at Shreveport held its first classes at the downtown site, the Metro Center, in spring, 1988. Specific educational programs are housed at the Metro Center in order to place them in close proximity to the business community. Sections of general education and computer classes are also taught at the Center.

In 1999 for the first time in the history of higher education in the State of Louisiana, a two-year college board was organized. This board controls all two-year colleges except those under the Southern University and Louisiana State University systems. Because of the unique situation that places Southern University at Shreveport under the Southern University Board of Supervisors, it became necessary to investigate the appropriateness of the assigned name (Southern University at Shreveport-Bossier City). As a result, the Board and other leaders chose to align the name with the pattern of other campus names in the Southern University System. Thus, Southern University thought it feasible to name the Shreveport campus, Southern University at Shreveport, which coincided with Southern University at Baton Rouge and Southern University at New Orleans. This kept the name of the school identifiable in reference to its location, and reinforced when the acronym SUSLA was assigned to the Southern University at Shreveport, Louisiana campus.

Throughout the years, outstanding leadership has guided Southern University at Shreveport. Dr. Walter Austin served as the Institution's first chief executive officer, followed by Dr. Leonard C. Barnes. Upon the recommendation of President G. Leon Netterville to the State Board of Education, Dr. Barnes was appointed to serve as Vice President of the Shreveport Campus in July 1971. The Board of Supervisors for the Southern University System changed the title of Vice President to Chancellor in March 1977; therefore, Dr. Barnes continued to serve the University as Chancellor until July 1987. Dr. Robert H. Smith served as the University's third executive officer. Under Dr. Smith's leadership, more than 1,000 students were enrolled during the 1988 spring semester, the largest enrollment in the history of the Institution at that time. Dr. Mary L. Wilson was appointed as the Interim Chancellor in June 1993. She was the first woman chief executive of the University. Dr. Jerome G. Greene, Jr., assumed duties as Chancellor in November, 1993. Under his tenure a General Studies degree program was developed, and a groundbreaking ceremony for a new gymnasium and physical education building was held. Mr. S. Albert Gilliam was appointed Interim Chancellor, August 1998. Dr. James C. Brown assumed the role of Chancellor in May, 1999, and in October, 2000, Dr. Press L. Robinson was appointed Interim Chancellor preceding the November, 2000 Southern University Board of Supervisors' decision to name Dr. Ray L. Belton Chancellor effective December, 2000. Under Dr. Belton's leadership, an all-time record enrollment of over 2,500 students has been reached. Moreover, high school articulations have been formed, academic programs have been expanded and off-campus sites established. Under the Belton Administration, the Administration Building was named after former Chancellor and Chancellor Emeritus Leonard c. Barnes. At that time, the Science Building was officially named Louis Collier Hall after former professor Louis Collier and the Science Lecture Hall was called Jesse N. Stone Lecture Hall, for Past System President and prominent lawyer in the Shreveport-Bossier communities, Jesse N. Stone.

The Institution currently occupies eleven (11) buildings on 103 acres of land located at 3050 Martin Luther King, Jr. Drive in Northwest Shreveport.

At present the Southern University at Shreveport Metro Center occupies the 610 Texas Street Office Building, housing computer labs, allied health labs, classrooms, academic and administrative offices, a media productions studio, the Southern University Museum of Art at Shreveport, and a compressed video distance-learning classroom, Workforce Development, Vocational Education, and Outreach Programs and TRiO Community Outreach Programs. The building is an example of turn-of-the-century urban commercial architecture and consists of two structures. The six-story red brick building was built in 1919 by the Jacobs family as office space. The adjoining four-story building, known as the Barrett Building, was constructed in 1929 by a Little Rock, Arkansas department store for use as a ladies “specialty” fashion store. In 1982 the two buildings were combined and renovated to create the existing structure which now contains approximately 70,000 square feet. In 1992, the building was given the DSU Award for Preservation of Historic Architectural Buildings in Downtown Shreveport, Louisiana.

The Aerospace Technology Center, located at the Shreveport Downtown Airport, 1560 Airport Drive, occupies two aircraft hangars with classroom space in the main terminal building. The Downtown Airport was Shreveport’s first commercial airport. Delta Airlines flew its initial routes from Dallas, Texas to the Downtown Shreveport Airport in 1929. The airport was officially inaugurated on July 14, 1931. After Shreveport Regional Airport opened in the early 1950’s the Downtown Airport became a general aviation airport serving private pilots, companies and schools based at the airport. The Aerospace Technology Center is housed in the first hangar ever built at the airport.

On June 20, 2002, the Student Activity Center was renamed as the Johnny L. Vance, Jr. Student Activity Center. The building was dedicated to the memory of Johnny Vance (1954 – 2001), an educator and community leader who began his academic career as a SUSLA student and later returned to serve with SUSLA as Counselor, Recruiter, Financial Aid Director, Dean of Students, Student Support Services Director, and Vice Chancellor for Student Affairs. The Johnny L. Vance Jr. Student Activity Center was the first building to be named after an individual who has contributed to the evolution of the Shreveport Campus. In 2009, the Johnny Vance Student Center was expanded and renovated.

In the fall of 2008, the Jaguar Courtyard opened providing residential housing for the first time. The courtyard includes 240 fully-furnished 2 and 4 bedroom units with all inclusive utilities, high speed internet and basic cable, and all the amenities and security of a gated community. Located in the center of the campus, adjacent to the Library and classrooms, the Jaguar Courtyard offers to students an optimal living and learning environment.

In addition, in that same year, the University opened the Southern University Business and Community Development Center, located on the corner of Hilry Huckaby and Martin Luther King, Jr. Drive. It was a joint effort between the City of Shreveport, Housing and Urban Development, the MLK Community and SUSLA to meet the needs of small businesses.

The educational mission of the University extends into Residential Life providing challenges and a support network that allows and encourages each member of the community to participate actively in the shaping of their environment. For this reason, a meal plan for Residential Students is a part of the educational process.

The SGA represents all students enrolled at Southern University at Shreveport. This association provides a method of communication between the administration and the student body. The SGA sponsors elections that are held twice a year; April and September. In these elections, officers of the Student Government Association are elected, along with Miss Southern University at Shreveport, Miss Sophomore, Miss Freshman, and the freshman and Sophomore Class Officers.

Student Activity Center Board (SACB)

The SACB is an integral and vital part of the educational process, sharing the University's goal of intellectual and personal growth. The SACB's continuing goal is the creation of an environment that fosters self-expression, debate of issues, exchanges of and exposure to new ideas, and a concern for man and his environment. Membership on the SACB is by election and appointments.

STUDENT SUCCESS CENTER

Following the approval of the Quality Enhancement Plan (QEP) by the Southern Association of Colleges and Schools (SACS) in 2010, the Center for Student Success (CSS) was charged with the direction and implementation of the QEP. CSS functions as a "One Stop Shop" which includes housing Academic Advisement, Student Retention Services, and Career Placement and Service Learning. The goal of the CSS is to teach students to apply and value strategies to successfully navigate their chosen course of study for the attainment of academic and vocational goals. In doing so, CSS focuses on designing a coherent and well-coordinated institution-wide first year experience (FYE) that addresses the special learning needs of entering freshmen. CSS plans to accomplish this by coordinating with faculty who primarily teach first year courses, departmental academic advisors, and other support services to deliver an integrated and holistic FYE. Accordingly, the central component of the FYE is an academic advisement program that combines career coaching with academic advising to form an intrusive advisement approach to address the needs of entering freshmen.

ACADEMIC ADVISEMENT

At SUSLA, the academic advising program uses an intrusive advisement approach to address the needs of first time freshmen at-risk students. Initially, coupled with career coaching, intrusive advisement proactively helps all at-risk students explore and discover their interests, strengths, and challenges in selecting a program of

study. This is followed by the development of the appropriate interventions to address the specific risk factors of these students.

All academic departments are expected to have an advisement function that assists students who have chosen their programs. This function should include a departmental liaison advisor who coordinates with the Center for Student Success (CSS) advisors to ensure that all first-time entering students are thoroughly assessed and appropriately assigned an academic advisor during their first year at SUSLA.

CSS is responsible for facilitating the first-time entering freshmen orientation, where each student is assessed to determine college readiness. As a result, students' level of college readiness will be used to determine whether they are at-risk of being unable to optimize their academic performance or persist during their first year of college. CSS advisors share this information with the department liaison advisor and refer students not

at risk to academic departments so that the most appropriate academic advising is established for each freshman student. These students are closely monitored by both the CSS advisor and department advisor during their first semester to determine if their current advisement assignment is adequate enough to insure the successful attainment of their academic and vocational goals.

GUIDED PATHWAY to STUDENT SUCCESS

Student Success Coaches develop **Guided Pathways to Success (GPS)** for each

student that maps their complete plan of study to their destinations and tracks momentum analytics, e.g. accumulation of earned credits and time - to - degree. Coaches monitor the navigational pace of their students, focusing on the barriers that are encountered along the pathway in order to proactively intervene where needed to sustain momentum (retention). When barriers are discovered, they are assessed to determine how best to eliminate or navigate around them. Coaches and students collaboratively monitor the assigned pathways, so that navigational issues become a shared responsibility and the **action plans** developed to address them contain their separate roles and responsibilities. A **comprehensive early alert system** is established through the monitoring of the student's pathway, supplemented by timely faculty notifications to coaches of academically at-risk behavior.

The Student Success coaches and their advisees adopt the theme, "Begin with an End in Mind" because each pathway has a destination, whether it be further education or a vocation, which denotes certain aspects e.g. project job growth in particular region, average earnings, colleges and universities where further education is recommended. The coaches regularly reminds the student of the benefits of their destination so as to keep them focused on academic and vocational goals.

TESTING AND ASSESSMENT

The testing and assessment component periodically administers standardized tests, the Residual/National American College Test (ACT), the Collegiate Assessment of Academic Proficiency (CAAP) test, and the Scholastic Aptitude Test (SAT). Additionally, seven other national exams are administered.

The ACT Residual is administered to the general public before the beginning of each semester and periodically throughout registration. The ACT is used to evaluate a student's preparedness for college work and to determine whether a student should take the placement test for continued academic advisement.

This component's activities are directed towards the improvement of instruction and institutional effectiveness. Assessment is required of systematic efforts aimed at measuring the educational effectiveness of the institution.

All ACT placement and CAAP scores will be stored so that data can be easily retrieved for analysis and reporting.

TRIO COMMUNITY OUTREACH PROGRAMS

The Federal TRIO Community Outreach Programs are educational opportunity programs designed to motivate and support students from disadvantaged backgrounds. TRIO Community Outreach Programs target and serve low-income, first-generation college students and students with a disability from middle school through enrollment in baccalaureate programs. Southern University at Shreveport currently hosts seven (7) TRIO Community Outreach Programs: Educational Talent Search, Educational Opportunity Centers, Upward Bound North, Upward Bound South, Upward Bound Desoto, Upward Bound Sabine, and Upward Bound Natchitoches.

EDUCATIONAL OPPORTUNITY CENTERS

The purpose of the Educational Opportunity Centers Program is to provide information with respect to financial and academic assistance available for individuals ages 19 and above, desiring to pursue a program of postsecondary education, and provide assistance to such persons in applying for admission to institutions at which a program of post-secondary education is offered, including preparing necessary applications for use by admissions and financial aid officers. The program also makes referrals to Adult Education Programs for individuals seeking to complete their secondary education.

EDUCATIONAL TALENT SEARCH

The purpose of the Educational Talent Search Program is to identify qualified youth grades 6th- 12th with potential for education at the postsecondary level and encourage them to complete secondary school and undertake a program of postsecondary education. Talent Search projects also publicize the availability of student financial assistance for persons who seek to pursue postsecondary education and encourage persons who have not completed programs at the secondary or postsecondary level to re-enter these programs

UPWARD BOUND PROGRAMS

Upward Bound projects are designed for participants in grades 9th-12th and provide skills and motivation necessary for success in education beyond secondary education. The program provides fundamental support to participants in their preparation for college entrance and opportunities for participants to succeed in their precollege performance and ultimately in their higher education pursuits. The goal of Upward Bound is to increase the rate at which participants complete secondary education and enroll in and graduate from institutions of postsecondary education.

University Policies, Procedures and Regulations

COMPLIANCE WITH FEDERAL AND STATE LAWS

Southern University at Shreveport firmly supports national and state policies relating to affirmative action, equal education and employment opportunities.

DISCRIMINATION POLICY AND PROCEDURES

Southern University at Shreveport does not condone or authorize any kind of discrimination on the basis of race, color, national, origin, age, religion, sex, sexual orientation, marital status, veteran status or disability in admission to, access to, treatment or employment in its programs and activities as required by Title VI and Title VII of the Civil Rights Act of 1964, the Age Discrimination Act of 1967, the Age Discrimination Act of 1975, the Equal Pay Act of 1963, Title IX of the Education Amendments of 1972, Executive Order 11246, Section 503 and 504 of the Rehabilitation Act of 1973, Section 402 of the Vietnam Era Veterans Readjustment Assistance Act of 1974 and the 1990 Americans with Disabilities Act.

If subjected to any form of discrimination, the individual should immediately report such action to an appropriate University official (i.e. immediate supervisor, director, dean, vice chancellor or chancellor). That person or an appointed official will cause an immediate investigation into the allegation. If it is determined that discrimination has taken place, appropriate action will be taken. Appropriate corrective action can include but is not limited to: oral or written reprimand, suspension, reassignment of duties, termination, counseling, altered decisions, or any combination of the above. The university's statement of nondiscrimination will be published in various official publications.

The Southern University System reaffirms its policy of affording Equal Employment Opportunity (EEO) by stating that no person shall, on the basis of race, color, religion, sex, age, national origin, disability, veteran status, or any other non-meritorious factor, be discriminated against in any employment practice. Southern University believes this policy to be morally right and good personnel management. Furthermore, it is legally required by Title VII of the Civil Rights Act of 1964, as amended, by the Equal Employment Opportunity Act of 1972, Executive Order 11246, The Rehabilitation Act of 1973, as amended, the Vietnam Era Veterans' Readjustment Assistance Act of 1974, Section 504 and the Americans with Disabilities Act, the Age Discrimination Acts of 1967 and 1975, as amended, as well as, the Family Medical Leave Act.

Southern University will take affirmative action to ensure that the following is implemented at all levels of administration:

1. Recruit, hire, place, train and promote in all job classifications with regardless of race, color, age, religion, sex, national origin, disability or veteran status, except where sex (gender) is a bona fide occupational qualification.
2. Identify and use existing employee talent and potential through upgrading and promotion of present employees. All promotions will be based only on valid equal employment promotional requirements.

3. Base decisions on employment in accordance with the principles of equal employment opportunity.
4. Ensure that all personnel actions, such as compensation, benefits, transfers, layoff, recall from layoffs, education, tuition assistance, social and recreation programs, be administered without undue regard to race, color, religion, sex, age, national origin, disability, veteran status or any other non-meritorious factors.

Basic guidelines and methods of achieving the goals of equal employment opportunity will be set forth in documents for each office, hereinafter referred to as Affirmative Action Plans.

All personnel in the Southern University System with any responsibility for recruitment, appointment, placement, evaluation, training or any other aspect of personnel management are charged with the responsibility of seeing that this policy is successfully implemented. Giving it full support through active cooperation, review and investigation of concerns and complaints, as applicable and personal example, fosters this. All persons covered by this policy shall be evaluated on the basis of their equal employment efforts and results, in addition to the usual standards of performance. Persons who fail to adhere to the Equal Opportunity Policy are subject to administrative disciplinary actions. The campus Chancellors or their designees will periodically analyze personnel actions to ensure compliance with this policy.

POLICY FOR SATISFACTORY ACADEMIC PROGRESS (SAP)

The Satisfactory Academic Progress Policy may be found on the Financial Aid webpage.

COMPLIANCE WITH PRIVACY RIGHTS OF PARENTS AND STUDENTS

The Family Educational Rights and Privacy Act (FERPA) 34 CFR 99

Campuses comprising the Southern University System comply fully with the regulations of Section 438, Privacy Rights of Parents and Students, of the General Education Provisions Act, which insures student access to their Educational records maintained by the University, and which prohibits the release of personally identifiable information except as specified by the law. The Vice Chancellor of Student Affairs and Enrollment Management shall inform students of the rights accorded them by law.

ACCESS TO AND UTILIZATION OF STUDENT RECORDS (PRIVACY ACT)

SUSLA policy on the release of information on students is based on the premise that a student's record is confidential and must be protected from those who would use it for other than legitimate purposes. At the same time, the policy must be flexible enough so as not to hamper the student or the University in the pursuit of legitimate endeavors.

Release of information on any student ordinarily will be made only on the written request or authorization of that student. This policy also applies to the issuance of transcripts. Telephone requests for transcripts will not be honored nor will requests for transcripts made by the parent, spouse or prospective employer of an adult

student except on the authorization from the student. The parent of a student under 18 years of age may be provided a copy of that student's transcript for personal use upon written request. Transcripts may be issued on written requests to institutions from which a student has graduated or transferred, institutions from which a student transfers, or to organizations that sponsor a student, provided the student concurs in the request.

Students may not inspect and review the following: financial information submitted by their parents, confidential letters and recommendations associated with admissions, employment or job placement, or honors to which they have waived their rights of inspection and review, or education records containing information about more than one student, in which case the Institution will permit access only to that part of the record which pertains to the inquiring student.

The only information ordinarily released concerning students will be that which is considered 'Directory Information'. SUSLA defines this as the name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams; dates of attendance, degrees, awards, and honors received (including naming to honor rolls) and the previous educational agency or institution attended.

During the first fourteen class days of a regular semester or the first five class days of a summer term, a student who has enrolled can request that directory information be withheld by completing the appropriate form available in the Registrar's Office.

SUSLA maintains only those student records necessary for the conduct of business. Information in student records will be released to outside investigating agencies only with the written consent of the student involved. Once consent has been received by the University, information requested from academic records of students, students' permanent folders (containing admission credentials, transcripts, etc.), and students' personnel records may be released to properly identified investigators through authorized staff personnel in the Office of the Registrar. The University is obliged to provide information on students pursuant to court orders or subpoenas.

Records of disciplinary actions taken by the University against students are maintained for intramural purposes, and information relating thereto will be released to inquirers only with written authorization of students concerned. Notices of suspension for non-academic reasons are not a part of the academic transcript, but are maintained by the Office of the Vice Chancellor for Student Affairs and Enrollment Management, and will be governed by the same release- authorization requirements as a transcript.

Faculty members may review the academic records of their students to the extent that such reviews serve legitimate educational interests. Each regular semester SUSLA will publish in the Class Bulletin for that semester, the fact that certain records are kept on students, that these records are available to students, and that students have the right to challenge the contents of these records. The types of educational records kept on students at SUSLA are as follows:

- **INSTRUCTORS** – A record is maintained on each student by the instructor. Such items as attendance, test grades, reports, etc., are noted by the instructor. The instructor treats this information in a confidential manner, and a student's marks in the class can be divulged only to the student.
- **ACADEMIC ADVISORS** – Upon matriculation at the University, each student is assigned an academic advisor who maintains a record of the student's academic progress. If the student changes majors, this record is transferred to the new advisor. The material in this record is of an academic nature, indicating the past and present matriculation record, current academic status, and curriculum. Only the academic advisor has access to this record, and it can be reviewed by the student in the academic advisor's office. These records are unofficial. They are placed in an inactive status if the student's education is interrupted.
- **REGISTRAR** – The Registrar is the keeper of the official academic record of the student. The student's application for admission to the University and other materials of an academic nature are kept in this office. The academic records in the Registrar's Office are permanent and can be reviewed by the student. This includes records on all veterans receiving assistance from the Veterans Administration.
- **FINANCIAL AID OFFICE** – All students who are receiving scholarships, loans from state and federal sources, or who are student workers and receive some financial assistance through the University have records in this office. The student can review all of his or her records.
- **SUSLA TESTING CENTER** – The SUSLA Testing Center maintains a record of test scores submitted to the University. These records are available to the student, faculty, advisor, and other authorized University personnel concerned with the student. Scores are not released to anyone other than authorized University personnel except on a request by the student.

ACCESS PROCEDURE

To gain access to his/her records, a student must submit a written request or present himself/herself to the appropriate office as follows:

- Scholastic records (courses taken, grades earned, academic actions, and application materials) - Office of the Registrar.
- Disciplinary Records - Office of the Vice Chancellor of Student Affairs Officer

Access must be provided within a reasonable amount of time, but shall not exceed 45 days after request has been made.

Students who have been enrolled on more than one campus of the Southern University System must request records from the appropriate office on each campus. If copies of records are desired, the student is required to pay the cost of these copies.

SCOPE OF STUDENT'S RIGHTS AND PROCEDURES FOR CHALLENGE

The information in the educational record may be challenged by the student as inaccurate, misleading, or in violation of privacy, and a written explanation by the student of the contents may be provided for insertion into the record. Challenges and requests for hearing should be initiated in writing with the officer responsible for the maintenance of the record. A grade may be challenged under the Act only on the grounds that it was inaccurately recorded, not that it is lower than what the student thinks it should have been. The Vice

Chancellor or head of the concerned unit shall provide a hearing. The procedure for a hearing shall require that it be conducted and decided within a reasonable period of time following the request for the hearing; that an institutional official or other party who does not have a direct interest in the outcome of the hearing conduct and render a decision; that the parent or student be afforded a full and fair opportunity to present evidence relevant to the challenge; and that the decision be rendered in writing within a reasonable period of time after the conclusion of the hearing.

RELEASE OF EDUCATIONAL RECORDS UNDER THE LAW WITHOUT THE STUDENT'S PERMISSION

Personally identifiable information from educational records cannot be released without the student's permission except as follows:

- To Southern University personnel who have legitimate educational interest as determined by the University.
- To other educational institutions in which the student seeks to enroll (the student may upon request obtain a copy of the record that was transferred).
- To public agencies as specified in the Act.
- To agencies and offices, administering financial aid: records required in connection with a student's application for financial aid.
- To organizations for use in developing, validating, or administering predictive tests, administering student aid programs, and improving instruction. Such agencies must not show personally identifiable records to outsiders and must ultimately destroy these records.
- To accrediting agencies.
- To parents of students who are dependents for income tax purposes. It is assumed that all undergraduates are dependents of their parents unless the students' parents in writing notify the university to the contrary.
- To appropriate persons in the case of health and safety emergencies.
- To courts of law in response to court order or subpoenas. When responding to a court order or subpoena the Institution must make a reasonable effort to notify the student of all such orders or subpoenas in advance of compliance.

RELEASE OF EDUCATIONAL RECORDS UNDER THE LAW WITH STUDENT'S PERMISSION

Request for access to educational records by any person other than those listed in the **RELEASE OF EDUCATIONAL RECORDS UNDER THE LAW WITHOUT THE STUDENT'S PERMISSION** will be refused unless the student has submitted a written, dated, and signed waiver to allow access to his/her records. The waiver must specify the records to be released; the reasons for such release, and the names of the persons to whom records should be released.

APPEAL

SUSLA shall provide each student an opportunity for a hearing to challenge the contents of the student's educational records in order to ensure that the records are not inaccurate, misleading, or otherwise in violation of privacy or other rights of students, and to provide an opportunity for the correction or deletion of any inaccurate, misleading or otherwise inappropriate data contained therein. The University will attempt to settle disputes with students regarding the content of the student's educational records through informal meetings and discussions. When these informal means are not satisfactory to the student or the University, more formal proceedings will be conducted. On the written request of the student to the University concerning the inaccuracy of material contained in the student's record, a board composed of the Registrar, a representative of the Faculty Senate, the Vice Chancellor for Student Affairs and Enrollment Management or designee, a representative of the heads of academic divisions and a representative of the Student Government Association will hear the complaints and make a recommendation to the Chancellor. Hearings shall be conducted within five working days following receipt of the request for the hearing. If any member of the hearing board is involved in the case in question, the Chancellor will select an individual who does not have a direct interest in the outcome of the hearing. The student or the University is to be afforded a full and fair opportunity to present evidence relevant to the issue raised. The recommendation shall be rendered in writing to the Chancellor for his consideration, and his recommendation will be communicated to the parties involved within ten working days after conclusion of the hearing. If the recommendations are unsatisfactory to the student, the student may place with the education records statements commenting on the information in the records, or statements setting forth any reasons for disagreeing with the decisions of the hearing panel. The statements will be placed in the education records, maintained as part of the student's records, and released whenever the records in question are disclosed.

FEDERAL FAMILY EDUCATION RIGHTS AND PRIVACY ACT (FERPA)

In compliance with the Federal Family Education Rights and Privacy Act of 1974, the College is prohibited from providing certain information from your student records such as grades, billing, tuition, and fees assessments, financial aid (including your grants, scholarships, work-study, or loan amounts) and other student record information to a third party. This restriction applies, but is not limited, to your parents, your spouse, or a sponsor.

You may, at your discretion, grant the College permission to release information about your student records to a third party by submitting a completed Student Consent to Release Educational Records Authorization. You must complete a separate form for each third party to whom you grant access to information on your student records. The specified information will be made available only if requested by the authorized third party. The College does not automatically send information to a third party. You may contact the Office of Student Affairs to complete the consent to release your educational records.

REGULATIONS GOVERNING INTERNATIONAL STUDENTS

Actions of the Counseling Center on behalf of international students are governed by the U.S. Department of Homeland Security. The Counseling Center must also operate in accordance with University policies within the regulations established by the U.S. Department of Homeland Security. Immigration regulations are formulated by the U.S. Department of Homeland Security and enacted into law by the U. S. Congress.

All international students are required to enroll full-time each semester except the summer session and are required to obtain an I.D. card at each registration. Registration will be considered incomplete until the student's I. D. card has been made.

In order to obtain services provided by the Counseling Center, international students are required to present their current passport. It is the student's responsibility to request in person a change of status, extension of stay, practical training, funds through the foreign exchange system, etc.

TRANSFER INTERNATIONAL STUDENTS

In addition to submitting an application for admission and meeting requirements set forth in the application, all international students applying for admission as degree students must arrange to have official transcripts sent directly to the Office of Admissions from all secondary schools and colleges attended. If a student has attended a foreign college or university, he/she must have a course-by-course transcript evaluation by a recognized evaluation service for equivalent transfer credit. Recognized evaluation services are a member of NACES-National Association of Credential Evaluation Services. A list of members can be found at <http://www.naces.com/members>. The names of the colleges must be listed on the application in order for

students to be considered for transfer credit from the college or university. These documents should be sent 60 days prior to the semester for which applicant seeks admission.

IDENTIFICATION CARDS

Identification Cards (ID) must be obtained or validated during regular registration each semester. Students should carry the SUSLA ID card at all times since it is required for a variety of services on campus. The ID card is not transferable: students are not allowed to use each other's card. If a student loses the ID card, he/she should immediately call 318- 670-9490 to report it as lost. Replacement ID cards can be purchased at the cashier's window for a non-refundable fee of \$10.00. A paid receipt and legal photo of the requestor should be presented to SUSLA Information Technology and Communications (ITC), Room A-44 of the Administration Building for a replacement ID card.

MISUSE OR ABUSE OF COMPUTER EQUIPMENT, PROGRAMS, OR DATA

Unauthorized use of computing resources or use of computing resources for unauthorized purposes is prohibited. AMERICANS WITH DISABILITIES ACT OF 1990 (ADA)

This law gives civil rights protection to individuals with disabilities similar to those provided to individuals on the basis of race, sex, national origin, and religion. The ADA guarantees equal opportunity for individuals with disabilities in the areas of employment, state and local government services, public accommodations, transportation, and telecommunications services.

The ADA broadens the coverage of public services under the Section 504 of the Rehabilitation ACT to include any state or local government regardless of their funding sources.

POLICY STATEMENT FOR STUDENTS WITH DISABILITY

Southern University at Shreveport, Louisiana firmly supports Section 504 of the Rehabilitation ACT of 1973 (P.L. 93-112). This ACT, as amended, mandates equal opportunity for qualified persons with a disability in educational programs and activities of all recipients of federal financial assistance.

Southern University at Shreveport does not exclude students with a disability from participation in its academic, research, or occupational training, counseling, financial aid, physical education, athletics, recreation, transportation, extracurricular activities, or other post-secondary education.

There are designated parking areas for the students with a disability at the University that are located in the front of the Leonard C. Barnes Administration Building, in the center of the Administrative parking lot, at the Louis M. Collier Hall, Science and Technology building, in front of the Johnny L. Vance Student Activity Center, the New Class Room building (NCR) near the roadside entrance and on the west side of the students' parking lot.

STUDENT GRIEVANCE: ADA/504 COMPLIANCE

Southern University at Shreveport, Louisiana is in compliance with the regulations of the American with Disabilities ACT. The Coordinator for ADA is assigned to the Office of Student Affairs. Anyone with special needs the Office of Human Resources (318-670- 9351).

Students having a grievance, whether against the University or an employee thereof, may pursue their grievance under the established Student Grievance Procedure, as outlined in this handbook.

In the case of an ADA/504 grievance, students are to follow the appropriate student grievance procedures of the University. The ADA/504 Compliance Office will provide guidance to the University Grievance Board in its deliberations by referencing appropriate policies and regulations governing the involvement of ADA/504 issues and their resolutions.

It is the practice of the University that issues concerning accommodations of students with disabilities in academic and other programs and activities are resolved between the student requesting the accommodation and the University employee representing the department within which the academic program or service is located. If the student feels that all efforts to resolve the issues have proven unsuccessful, the student may file a formal grievance through the Office of Academic and Student Affairs.

POLICY ON ACQUIRED IMMUNE DEFICIENCY SYNDROME (AIDS)

Public health officials and the medical profession have been actively engaged over the past several years in diagnosing causes and prevention of AIDS. Currently, there is a concerted effort by the aforementioned bodies to identify a cure for Acquired Immune Deficiency Syndrome.

It is generally agreed throughout the medical arena that a virus that is transmitted through sexual contact, needle sharing or, less commonly, through blood transfusion causes AIDS. Medical experts also agree that casual contact with AIDS patients or persons who might be a risk for the illness does not place others at an equal or greater risk of getting the illness.

With regard to the aforementioned, the University will continue to educate the University Community through appropriate channels about current factual information regarding the spread, prevention, and medical treatment for this disease, as medical treatment becomes available. Since medical evidence precludes transmitting the disease by casual contact, the University will allow individuals diagnosed as having AIDS and seeking admission to the University to enroll. However, such admission is contingent on the individual's

willingness to accept and follow a regiment of prescribed medical supervision as required by the University and other appropriate medical authorities.

Also, every effort will be made to protect and insure that the University's academic decorum remains intact; this policy is subject to change based on the most current medical evidence concerning Acquired Immune Deficiency Syndrome.

POLICIES AND PROCEDURES FOR STUDENT ORGANIZATIONS

Student organizations are subject to the provisions of the Code of Student Conduct. If a student organization is reported to have violated University policies and procedures or University rules and regulations, it can be charged and a hearing can be called before the University's Student Disciplinary Committee. Student organizations in violation of the University's policies shall be subjected to a maximum sanction of termination of recognition from the University, or any lesser sanction including but not limited to, restriction or suspension of the use of facilities and services of the University, suspension of the privilege to sponsor fund raising events,

the loss of all funds allocated by the University, and restitution for damage. Membership in any student organization shall include only those written requirements set forth in that organization's constitution and bylaws. If the organization is a national one, its policies and regulations must be 'adjusted' to conform to the University policies and procedures. Most national organizations are eager to comply with University regulations.

Several other organizations shall be permitted to 'test' or 'try out' students for membership. These are organizations in which membership requires certain skills and abilities. However, these test periods and try out shall not be construed or used as pledge periods. These organizations are included in this category:

- Dance Line
- Cheerleaders
- Athletic Teams

At no time shall pledging, testing or tryouts be conducted in a manner which causes injury or bodily harm to students, nor shall either be conducted in a manner that has the potential for causing injury or bodily harm.

Membership in honor societies and departmental clubs shall not include any form of pledging. Induction ceremonies are appropriate for honor societies.

Departmental clubs are basically local. While they do not usually require a minimum cumulative average or a particular field of study, the majority of students who affiliate, however, are usually majors in good academic standing.

All other student organizations are basically open to any student.

Most honor societies are chapters of national organizations. The national organizations generally set a minimum requirement of a 'B' (3.0) average in the major field for membership.

Each student organization is required to submit a copy of their organization's constitution and/or by-laws to the Department of Student Activities and Services as a means of registering the organization with the University. This information is required in the Office of Student Activities and Services within three weeks after the first day of classes during the fall semester. Only registered student organizations are permitted to hold meetings and activities on the campus.

The organization's advisor must be a full-time member of the University's faculty or staff. Because of the size and/or diversity of some organizations, these groups may wish to have more than one advisor. It is permissible to have more than one member of the faculty or staff to work with organizations. However, only one person is to serve as the official advisor. Advisors must approve and sign all requests for on-campus and off-campus activities to be held by the organizations.

All activities held by student organizations are to receive the approval of both the advisor and the Director of Student Activities and Services before plans are completed. Activities must be scheduled in accordance with University policies and procedures and must be scheduled at times and in a manner that will not disrupt the 'normal' operation of the University and other activities of the University. Organizers of activities that disrupt classes or university operations will be subject to disciplinary action.

Use of University facilities for extra-curricular activities is a privilege and not a right. Facilities are assigned on a first-come, first-served basis with feasibility as a determining factor. Organizations must agree to assume financial responsibility for any damage, abuse or loss of property that occurs while they are using a facility. Funds owed the University as a result of any such incidents must be paid within three days after the activity is held. All activities of the organization will be automatically suspended until all financial requirements have been satisfied.

The sponsoring organization is responsible for the conduct of those attending activities. If security is needed for an activity, the organization must pay for security from its own funds. This should be taken into account when budgeting for the organization's funds. Organizations can be suspended for misconduct.

The president and advisor of each organization serve as the official representatives of that organization. These two individuals have the responsibility of ensuring that all University regulations are followed. They also serve as representatives of the organization before the University administration. Members of an organization should channel their concerns through the president and advisor of the organization.

FUNDRAISING/SOLICITATIONS

The University does not permit unauthorized fundraising activities either on the part of the individual student or student groups. If the University feels that a project merits funds being contributed by this campus, then the effort will be a University-wide effort planned and approved through the appropriate committees. Student organizations that wish permission to sell merchandise on the campus must request permission in writing from the Director of Student Activities and Services.

Student Complaint Policy

Policy Purpose

The Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) Comprehensive Standard 3.13.3 requires that each accredited institution maintain a record of student complaints received by the institution. This record is made available to the Commission. The record will be reviewed and evaluated by the Commission as part of the institution's decennial evaluation. During the fifth-year interim review, the institution will provide information to the Commission describing how the institution maintains its record, individuals/offices responsible for the maintenance of the record(s), elements of the complaint review that are included in the record, and where the record(s) is located (centralized or decentralized).

In carrying out this policy, Southern University at Shreveport (SUSLA) will take all reasonable measures to comply with SACSCOC standards including without limitation: adoption of effective policies; clear communication to campus organizations, students and other stakeholders of laws and policies; prompt and faithful enforcement thereof; education; and training.

SUSLA is committed to supporting students and helping them when possible, to positively resolve issues, complaints and concerns that might impact their educational goals. The General Complaint Procedure provides students the opportunity to express their views on college-related conditions which impede their education and to seek relief from those conditions. It is not intended, nor may it be used, to supplant other grievance/complaint/appeal procedures designed to address certain matters for which special procedures are published.

Application of Policy

This Policy applies to all students who are enrolled at SUSLA at the time that the complaint is filed in accordance with the Policy. The Office of the Assistant Vice-Chancellor for Student Success will not consider or review complaints that are filed by non-students.

Policy Definitions

Student – A student is defined as one who is enrolled in courses at SUSLA, whether full-time or part-time, for credit or non-credit and is inclusive of those individuals who have been notified of their acceptance for admission, persons who withdraw after allegedly violating the *Student Code of Conduct*, persons who are not enrolled for a particular term (but who have not officially withdrawn from the University), and those who have a continuing relationship with the University, (e.g., on academic dismissal, disciplinary suspension, or studying abroad). An individual is no longer considered a student upon graduation, official withdrawal from the University, expulsion from the University, or death.

Parents, relatives, employers, agents, and other persons acting for or on behalf of a student are not students within the meaning of this Policy.

Student Complaint - Any written complaint made and signed by a student that is received by the Office of the Assistant Vice Chancellor of Student Success.

Exemptions from this Policy

The following matters are not handled as student complaints within the scope of this policy, but may be directed for attention as follows:

- Complaints or grievances arising from, or made in connection with, a student's employment by the University in any capacity, should be directed to the Office of Human Resources.

- A grade appeal; except that unethical, illegal, or improper conduct of a faculty member may be the subject of a student complaint, even if it occurs in the context of a grade decision or appeal. Grade appeals must be directed as set forth by the procedures of the Office of Academic Affairs.
- Curriculum matters and related appeals must be directed to the Office of Academic Affairs.
- Matters concerning graduation requirements are governed by the Office of Academic Affairs and such complaints must be directed to that office.
- Registration complaints and appeals must be directed to the Office of the Registrar.
- A sexual misconduct, sexual harassment, or sex discrimination complaint, or any complaint concerning discrimination. Such complaints are governed under separate policies. See the Office of the Title IX Coordinator or the Office of Human Resources.
- Disputes related to financial issues such as tuition and fee assessment, or departments' fees, may be made directly to the Office of the Bursar or the Office of the Vice Chancellor for Finance and Administration.

Policy Provisions

When a student encounters a problem on campus that he/she does not know how to resolve, he/she should try to work the problem out by discussing it with those involved. Directly dealing with concerns in an honest fashion should always be the first step to resolution. Many problems are resolved when a student speaks with a staff or faculty member and communicates their concerns. If an issue or problem still exists, a student may initiate the formal complaint procedures for SUSLA. All formal complaints must be put in writing and must be signed by the student.

Procedures for Filing a Written Complaint

Students who wish to file a general complaint should follow these steps:

1. The student should discuss the complaint with the college employee most directly responsible for the condition which brought about the complaint. Most matters will be resolved at this level.
2. If the student is still not satisfied, he/she may discuss the matter with the next level of supervisory authority.
3. If the student is still not satisfied, he/she may file a written presentation of the complaint with the Assistant Vice-Chancellor for Student Success, who is responsible for taking appropriate action on matters within his/her jurisdiction or for routing the complaint to his/her designee for action. If the complaint is academic in nature, the Assistant Vice-Chancellor for Student Success will refer the complaint to the Vice-Chancellor for Academic Affairs and Workplace Development, with a notification to the complainant. The Office of Academic Affairs will then initiate its procedure for resolution.
4. A student who makes a formal complaint must submit it in writing on the Student Complaint Form. The written complaint must be submitted within the (10) days after the occurrence of step 2, unless the Assistant Vice-Chancellor for Student Success or the designee agrees to receive it beyond this period.

5. The Assistant Vice-Chancellor for Student Success or the designee will commence the process of considering the complaint within ten (10) working days of receiving the Student Complaint Form, and will acknowledge receipt of the complaint in writing to the complainant. He/she will ensure all steps are taken to resolve the complaint as soon as possible. He/she will maintain a file of all documentation in relation to the consideration of the complaint. The Assistant Vice-Chancellor for Student Success or the designee will ensure that any staff/faculty named in the complaint receive a copy of the complaint. The process may include meetings with relevant staff and/or the complainant. Where meetings are held, the parties may, if they wish, be accompanied by a peer support person. The complaint will be investigated by the Assistant Vice-Chancellor for Student Success or the designee who will discuss the issues with the person(s) concerned, and may confer with the relevant staff. The Assistant Vice-Chancellor for Student Success or the designee will render a decision in relation to the complaint and will communicate his or her decision to the parties, within 32 days of receiving the complaint.
6. If the student is still not satisfied, he/she may appeal the decision made by the Assistant Vice-Chancellor of Student Success. This appeal must be submitted in writing two (2) weeks of the letter communicating the decision. The Vice-Chancellor for Student Affairs and Enrollment Management will consider the relevant documentation and may, at his or her discretion, consult with the Assistant Vice-Chancellor for Student Success or the designee who rendered the decision. The Vice-Chancellor for Student Affairs and Enrollment Management may also interview any parties relevant to the complaint. If he or she determines that the complaint process has been conducted in accordance with this policy and the outcome is appropriate, the Vice-Chancellor for Student Affairs and Enrollment Management may dismiss the appeal. Otherwise, he or she will decide the appeal in consultation with the relevant Vice-Chancellor and any other parties. The Vice-Chancellor for Student Affairs and Enrollment Management will communicate his or her appeal decision in writing to the parties within ten (10) working days of the appeal. The decision rendered by the Vice-Chancellor for Student Affairs and Enrollment Management is final.

NOTE: all student complaints must be submitted in writing. A complaint reported by telephone will not be considered as submitted for review.

Complaint Tracking

The Office of the Assistant Vice-Chancellor for Student Success will track each student complaint and will maintain a record that includes, at a minimum, the following information:

- The date that the student complaint was received
- The student(s) identified with the complaint
- The nature of the complaint, including a copy of the student complaint, to be retained for not less than two (2) years after its final disposition
- The University officials who were asked to address the complaint and the steps taken to resolve it
- The final resolution or disposition of the complaint

- Any external actions taken by the complainant, if any, of which the Office of the Vice-Chancellor of Student Success becomes aware.

Policy Compliance

Failure to comply with this policy may result in no action being taken with respect to the subject matter of the complaint, or other disposition by the Office of the Assistant Vice-Chancellor of Student Success. Where such failure also causes violation of rules and policies regarding student or employee conduct, disciplinary action may result in accordance with the applicable rules and policies.

ALCOHOLIC BEVERAGES POLICY

The possession, sale, use or the supplying of alcohol on the University campus is not allowed. SUSLA has been designated Drug free.

It is unlawful for any person under 21 years of age to purchase or have public possession of any alcoholic beverage (LA-R.S. 93.12).

DANGEROUS PERSON OR ACTIVE SHOOTER

Each case regarding a dangerous person or active shooter depends on the situation at hand. Notify the SUSLA Police immediately with a full description, activity and location of the suspect(s).

The best option is to avoid injury and to escape out of the area into a designated safe zone, then speak to emergency response personnel for information and directions.

The second option, barring an escape, immediately or later when possible, is to lock yourself in your office or room, get in a closet, under a desk, or out of sight of an assailant. Stay out of sight until cleared by emergency response personnel.

Pro-actively counter attacking may be extremely dangerous; if under-taken it should be with extreme caution and with minimum risk of injury to yourself and others.

Should you become a hostage try to escape as soon as possible! It may be in your best interest to act nonthreatening initially, in order to avoid immediate injury to yourself or others. Again, pro-actively counter attacking may be extreme dangerously.

HAZARDOUS MATERIAL

When such an emergency occurs as involving hazardous chemical spills, report the nature and location immediately to UPD by calling (318) 286-6647. Give your name, as well as your building and room number. State where you will meet the emergency personnel, and give the number of persons involved and the type of any observed injuries and their severity.

Notify others in the area about the nature of the emergency. Meet the emergency personnel at or near the incident if it is safe to do so. Send someone else if you cannot go.

ILLEGAL DRUGS POLICY

The SUSLA campus has been designated Drug-Free. The possession, sale, manufacture or distribution of any controlled substance is illegal under both state and federal laws. Such laws are strictly enforced by SUSLA

Police Department. Violators are subject to University disciplinary action, criminal prosecution, fine and imprisonment.

The University is bound to take all appropriate actions against violators, which include referrals for legal prosecution or requiring the individual to participate satisfactorily in an approved drug/alcohol abuse assistance or rehabilitation program.

SENSITIVE AND/OR PERSONAL CRIMES (DEATH) POLICY

Victimization of a criminal incident can be of a sensitive and personal nature (e.g. Sexual Assault). In the event of such a traumatic offense, either by witnessing or being a victim, confidential counseling is available. Students are encouraged, if, and when they deem it appropriate, to seek professional help from the Counseling Center by calling 318-670-9473 (on-campus extension 9473). While we do not provide a Pastoral Counselor, the Professional Counselors located in the Fine Arts building are here for you. By its very nature a crisis is sudden, unexpected, and traumatic, and produces chaotic responses in a social system. When the counseling center is notified, counselors provide support to immediate and secondary victims. Remember, that as a matter of policy they are to advise persons being counseled of the voluntary reporting procedures of a criminal infraction to the University Police Department for inclusion into the annual crime statistics.

EMOTIONAL DISTRESS

If a student is in psychological Crisis, the student or witness should contact the Campus Security at 318-286-6647 (anytime) or 318-670-9349 (regular work schedule Monday-Thursday (8:00 am-5:00 pm) or Friday (8:00 a.m.-12:00 noon)).

A person is a clear and present danger to himself/herself

This act requires higher education institutions to issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice of each institution of higher education in that State at which the person is employed, carries a vocation, or is a student. In Louisiana convicted sex offenders must register with the Sex Offender and Child Predator Registry maintained by the Department of State Police. Sexual assault is heinous, and will not be tolerated under any circumstances. University community members found guilty of any sexual assault will be severely dealt with through the University Police office.

Educational Programs

The SUSLA Police will present seminars to promote awareness of rape, acquaintance rape, and other forcible and non-forcible sex offenses.

Procedures for Reporting Assault and Receiving Help

1. Report the assault either in person or by telephone (670-9349 or 286-6647 cell) to University Police. If the victim chooses a telephone, give present location in order that police may come to the victim and personally take a report in a private atmosphere. University Police will notify the Shreveport Police Department. Even if a victim does not wish to file charges, he/she can file an informational report that may help the police locate the attacker. SUSLA will be present, if possible, during the taking of the report.
2. Following the report given to the police, the victim is strongly advised to seek medical assistance from a local hospital.
3. A victim of sexual assault is highly encouraged to participate in follow-up counseling. Failing to openly address the emotional trauma of sexual assault can be devastating to the victim. Usually, victims undergo tremendous stress and fear of normal social interaction following such an assault.
4. Thus, learning to cope with a multitude of feelings and fears can be accomplished through ongoing counseling.

1. Pressing criminal charges through the District Attorney's Office with the assistance of the University Police. This action is encouraged whether the accused is or is not found to be an SUSLA student.

Although students, faculty, and staff comprise the majority of people found on the campus, many non-University individuals visit daily. Crime prevention on-campus is a cooperative effort between University community members and the University Police. Awareness and precautions are the best tools.

1. Have your car or building key ready before getting to the door so that you are not delayed fumbling for a key. Check inside of your car before getting into it. Once inside the car, lock all doors and roll up the windows.
2. Do not walk alone at night. Walk with a friend or call University Police for an escort.
3. If you must walk alone, choose a route that avoids dark and vacant areas.
4. Project an assertive or business-like image. Be aware of your surroundings.
5. Anticipate potentially dangerous situations.

It is the policy of Southern University at Shreveport, Louisiana that no member of the academic community may sexually harass another. An offender shall be subject to sanctions after compliance with due process requirements. The process may be handled informally or may require a formal hearing. What is Sexual Harassment?

Both men and women may be victims of sexual harassment. Sexual harassment may be nonverbal, blatant, and subtle.

Peer Harassment

Peer Harassment is defined as sexual harassment of a student or students by another student or group of students when the conduct is sufficiently severe, persistent, or pervasive to limit a student's ability to participate or benefit from the educational program or to create a hostile or abusive educational environment.

Reporting Sexual Harassment

The University has developed procedures to facilitate prompt and confidential resolution of sexual harassment complaints. If you believe you have been the subject of sexual harassment or sexual intimidation, do the following: consult with the counselors in the Counseling Center or seek guidance from a University official with whom you feel comfortable. The Title IX office will help you with both the Southern University at Shreveport, Louisiana policy and possible options and resources. Complaints may be referred to the Assistant Vice Chancellor for Student Success to investigate and determine appropriate steps to resolve the situation.

PROBATION, SUSPENSION, AND READMISSION REGULATIONS

- A full-time or part-time student who earns a semester average below 1.5 on all hours during a semester will be placed on probation.
- A student on probation will be given one semester to make a C average (2.0). This will remove him/her from probation; if the student does not make a C average (2.0), he/she will be suspended for one semester.
- After the lapse of one semester or if approval of an appeal is granted, a student may re-enter on probation, but he/she must make at least a C average (2.0) or he/she will be suspended again.
- A student suspended at the end of the spring semester may attend the summer term unless other restrictions apply. Grades earned during a summer term will not change the probationary or suspension status of a student.
- A student suspended for scholastic deficiencies may re-enroll after the expiration of one semester until a fourth suspension, which dismisses the student permanently.
- Appeals must be made to the committee designed to execute the rules.

DEFINITION OF HOURS PURSUED

“Hours pursued” will be defined as all courses attempted. In the event that a student repeats a course, grades assigned to courses pursued shall be used in computing the grade-point-average. This regulation also refers to students applying for graduation.

SYSTEM OF GRADING

The University uses a letter system of grading as follows: A, Excellent; B, Above Average; C, Average Quality; D, Below Average; F, Failure; I, Incomplete; W, Withdrawal; AU, Audit; NC, No Credit; CR, Credit; P, Pass.

Credit for any course in which a student has received a grade of F can be obtained only by repeating and passing the course.

DEFINITION OF GRADE POINT AVERAGE

Semester Average

The semester grade-point-average is the total number of quality points earned divided by the total number of semester credit hours attempted by the student. The grades of A, B, C, D and F are included in the computation of the semester grade point average. Grades of AU, NC, I and W are disregarded in the computation of the semester grade-point-average.

Cumulative Average

The cumulative average is determined by dividing the total cumulative quality points earned by the total cumulative hours pursued. A student is allowed to retake a course in which he/she has previously enrolled at SUSLA. The last grade received becomes the final grade for the course and is computed in the grade point average. The previous grade(s) will not be computed in the GPA. A "W" grade does not delete a prior grade. The grades of A, B, C, D, and F are included in the computation of the cumulative average. All courses pursued and grades earned at Southern University at Shreveport remain a part of the permanent record.

In determining eligibility for holding campus office or graduating with honors, a student's cumulative average is computed by dividing the total quality points earned by the total semester credit hours attempted exclusive of grades of AU, NC, I, CR, W and P.

AUDITING A COURSE

To audit courses, applicants must be eligible to enter the University as regular students, as visiting students, or as special students. Students must obtain permission of the instructor, the director of the program in which the course is taught, and the chairman of the division in which they are enrolled. Students may not audit a laboratory-type or activity course. Students will be assessed tuition fees for courses audited. Credit will not be given for courses audited. An audit may not be changed to credit after completing the course. The semester course load is inclusive of audited courses.

HONORS

A student who completes a semester with at least 15 semester credit hours (excluding remedial courses) and a grade-point-average of 3.75 or above, without grades of D, F or I, will be placed on the Chancellor's List. These requirements apply only to the semester for which the student is being considered for inclusion in the Chancellor's List.

A student who completes a semester with at least 15 semester credit hours (excluding remedial courses) and a grade-point-average of 3.00 to 3.75, without grades of D, F or I, will be placed on the Honor Roll. These requirements apply only to the semester for which the student is being considered for inclusion in the Honor Roll.

CLASSIFICATION OF STUDENTS

Freshman - earned less than 32 semester credit hours.

Sophomore - earned 32 or more semester credit hours.

Special - student who has accumulated 60 or more semester credit hours.

QUALITY POINT SYSTEM

Institutions under the jurisdiction of the Southern University Board of Supervisors adhere to the quality point allotment of four points for an A, three points for a B, two points for a C, one point for a D, and 0 points for an F; for example, 2.0 denotes a C average.

INCOMPLETE GRADES

A faculty member, at his/her discretion, should give an "I" grade only when documented circumstances beyond the student's control warrants such action. The completed form for this action must be attached to an instructor's final grade roster.

Incomplete grades must be removed by the end of the first six weeks of the following semester in which the student is in residence or within one year if the student is not in residence. Otherwise, the grade will automatically default to F.

REPEAT-DELETE POLICY

A student is allowed to retake a course in which he or she has previously enrolled at SUSLA. The last grade received becomes the final grade for the course and is computed in the grade point average. The previous grade(s) will not be computed in the grade point average. A —W grade does not delete a prior grade.

SATISFACTORY COMPLETION OF COURSES

A standard letter grade of "C" or better in a major area course constitutes satisfactory completion. A standard letter grade of "D" or better in a general education core curricular course constitutes satisfactory completion. The grade of "D" in a general education core curricular course, but not in a major area course, is acceptable where such a course is a prerequisite for another course. However, a letter grade of "D" in a general education core curricular course is not transferable. A prerequisite is a course that must be completed BEFORE enrolling in another course. Prerequisite courses require satisfactory completion before the student will be allowed to enroll in a course.

ACADEMIC APPEALS GUIDELINES

Appeal of Academic Standing

A student may appeal a suspension only if the suspension is the first one for the student and the student can provide written verification of having been seriously ill during the semester prior to the suspension (a physician's affidavit is required) or that the death of a member of the immediate family occurred (parent or

guardian, sibling, or family member residing in the student's home), or that some event of a similar disruptive proportion occurred. While on suspension, a student may enroll in developmental courses only.

A student who has been suspended two or more times because of poor grades and who fails to achieve at least a 2.0 semester grade-point average (on a 4.0 scale) during the first semester following the second suspension shall not be eligible for appeal under any circumstances.

A fourth academic suspension shall result in permanent expulsion from the University. Permanent expulsion is not subject to appeal.

Appeal of Final Grade

A student may only appeal a final grade. In order to be considered for a grade appeal, a student must be able to demonstrate that the grade awarded was inaccurate or inappropriate. Final grades may be challenged until the end of the regular semester immediately following the semester in which the grade was received. The general procedure for grade appeals must be adhered to in the following order:

1. The student discusses the matter with the instructor and attempts to resolve it informally.
 - (a) If not resolved, the student meets with the Chair of the Division in which the course is taught to seek assistance in resolving the matter.
2. If there is no satisfaction informally, the student should write a letter of appeal to the Vice Chancellor for Academic Affairs with an explanation as to why he/she feels the grade was awarded inaccurately or inappropriately. The Vice Chancellor will convene an ad hoc academic appeals committee, and will appoint a chairperson. The committee will forward a recommendation to the Vice Chancellor.
3. If a student disagrees with the recommendation of the appeals committee, he/she may appeal directly to the Vice Chancellor for Student Affairs and Enrollment Management.
4. If a student so desires, a final appeal may be sought by submitting a letter to the Chancellor.

ACADEMIC AMNESTY

Any student who has not been enrolled at a college or university for three consecutive years may elect only once to deny all work attempted at a college or university prior to the three-year period. The three-year period does not need to immediately precede the exercise of the option. The forgiven academic record will appear on the student's permanent record but will not be used in computing the student's grade point average at SUSLA.

The student must apply for academic amnesty or forgiveness of credit courses in the Registrar's Office at the time of application for admission or readmission to SUSLA or within one calendar year from the first date of enrollment or readmission. The declaration must be completed prior to the deadline for resigning from the University in the semester in which it is made. A decision to declare academic amnesty is final and irreversible.

For enrolled students who plan to matriculate into professional academic degree programs at SUSLA, an exception of the 3-year requirement (only) may be waived with the appropriate approvals. For such a waiver, a student must forward a request to his/her program director for consideration. If approved, the request must be forwarded to both the Division Chair and Vice Chancellor for Student Affairs and Enrollment Management for consideration. However, final approval of the waiver must be granted by the Chancellor. All other requirements to declare academic amnesty cannot be waived.

The forgiven academic record will appear on your transcript, but it will not be used when computing your grade point average. The only exceptions are to determine honors for graduation and eligibility for financial aid and/or scholarships.

CLASS ATTENDANCE REGULATIONS

Students are required to attend classes regularly and punctually, as a minimum academic obligation. Failure to observe this policy may seriously jeopardize a student's academic standing. Tardiness and excused absences should be brought to the attention of the instructor(s) by the student. The following class attendance policies apply:

- A student required to be absent from class because of illness or other unavoidable circumstances should promptly report the reasons to the instructor and, if required present excuses. The instructor should make clear to the student that excuses explain absences, but do not remove them.
- Students are required to adhere to attendance policies established by their colleges and stated by the instructors on course syllabi.
- Excuses for participation in University-sponsored activities will be initiated by the sponsoring unit and approved by the college division chair and the Office of Academic and Student Affairs.
- Students who wish to be absent from classes for reasons not covered by these regulations must apply to their department head for a leave of absence. All excuses or explanations must be submitted in writing to the student's department head within three school days after the student returns to classes

STUDENT CONDUCT

Administrative regulations governing the conduct of students enrolled at SUSLA are contained in The Student Handbook. Included in this publication are rules and regulations governing student rights and responsibilities, disciplinary sanctions, penalties, violations, and types of offenses. An electronic copy of The Student Handbook may be found on the Southern University at Shreveport's website.

ACADEMIC GRIEVANCES

If a student has a grievance that cannot be settled in the course of immediate post- class discussion, the student has the right to appeal according to the following procedures:

- A special conference between the faculty member and the student should be arranged.
- Discussion before the faculty member's department or program director. Grievance presented in writing to the faculty member's Division Chair. Discussion before the faculty member's Division Chair.
- As a final option, the matter should be brought in writing to the Office of Vice Chancellor for Student Affairs and Enrollment Management.

ACADEMIC DISHONESTY

The University defines academic dishonesty in two categories – premeditated and non-premeditated fraudulent behavior. Premeditated fraud is defined as conscious, pre-planned deliberate cheating with materials prepared in advance. It may consist of the following:

- collaborating during an exam without authority;
- stealing, buying, or otherwise obtaining all or part of an examination;
- using specially prepared materials;
- selling or giving away all or part of an examination or examination information;
- bribing another person to obtain an examination or information;
- substituting for another student, or permitting another person to substitute for oneself to take an examination;
- submitting as one's own any work prepared totally or in part by another;
- selling, giving, or otherwise supplying materials to another student for use in fulfilling academic requirements (e.g., term paper, course project, etc.);
- breaking and/or entering a building or office for the purpose of obtaining examinations (administered or un-administered);
- changing, or being an accessory to the changing, of grades in a grade book, on an examination paper, or on other work for which a grade is given, on a "drop slip" or other official academic records of the University which involve grades;
- proposing and/or entering into an arrangement with an instructor or receive a reduced grade in a course, on an examination or any other assigned work in lieu of being charged with academic dishonesty;
- committing plagiarism – failing to identify sources, published or unpublished, copyrighted or un-copyrighted, from which information was taken;
- acquiring answers for any assigned work or examination from an unauthorized source;
- falsifying references;

- listing sources in a bibliography not used in the academic assignment;
- inventing data or source information for research or other academic endeavors;
- forging the signature of a faculty member or any academic officer on an academic document;
- altering or being an accessory to altering the contents of an academic document (i.e. registration forms, pre-registration forms, add/drop forms, transcripts, fee exemption forms, registration card, etc.);
- using computers in any act of academic dishonesty; or submitting falsified or altered transcripts.

Unpremeditated fraud is defined as cheating without the benefit of materials prepared in advance. It may consist of:

- copying from another student's examination paper
- allowing another student to copy from an examination paper
- using textbook(s) or materials brought to class but not authorized for use during an examination.

REQUIREMENTS FOR GRADUATION

- All students must complete the academic requirements for their degree or certificate program prior to graduation.
- All financial and other obligations to the University must have been met.
- If a student is eligible for graduation and plans to commence during the spring semester and completes all coursework prior to that semester, the student is not required to take classes during any other semester prior to that commencing period. Any classes taken prior to commencing period are at the student's discretion.
- All students expecting to receive degrees should acquire and complete the Application for Graduation from the Registrar's Office at least one semester prior to their graduating semester, including the summer term. However, only one commencement exercise will be held each school year during the spring semester. All who qualify during the year are encouraged to participate.
- A fee is required to cover costs of caps, gowns and diplomas.
- All students must have a minimum of sixty (60) semester credit hours and a cumulative 2.0 average on all hours pursued. The sixty hours exclude all developmental courses.
- All students must have a minimum of an overall C (2.0) in all courses pursued in the major area, with no grade lower than C.
- All students expecting to receive degrees must take the CAAP Test (College Assessment of Academic Proficiency) after acquiring at least 45 hours of college credit. This exam is given only in the fall and spring semesters.
- All graduates must complete a checkout form before receiving diploma.

CONCURRENT DEGREES/DUAL DEGREES

To qualify for a second degree or certificate, regardless of whether the first was granted by Southern University at Shreveport or another institution, the student must earn an additional 15 credit hours for a second associate degree and 9 credit hours in a certificate program. These credits must be presented for approval by the appropriate Division Chair. These additional credit hours will not include any semester hours counted in fulfilling any previous degree requirements. General education requirements are the only courses that can be used again toward fulfilling the second degree. In degree programs where there are several possible concentrations, a different concentration is not considered a second degree. For example, more than one general studies degree will not be awarded even when a different area of concentration has been completed; nor will more than one certificate be awarded even though courses from a second option are completed. The 15 or 9 hours of an approved curriculum for a second degree must be taken in residence at Southern University at Shreveport in five years of the time of graduation.

RESIDENT CREDIT REQUIREMENTS

The University requires that each student seeking an associate degree or a certificate must earn at least 30 hours of credit as a resident attending Southern University at Shreveport. Further, the University requires that this minimum credit of courses be taught by the Division which will award the associate degree or certificate unless otherwise approved. Since the number of residency credit hours may be different for certain academic programs, students are required to consult with their academic advisors to develop a degree plan during the first semester of enrollment.

- a. Dependents or spouses who live with persons residing in Louisiana and who provide appropriate documentary evidence substantiating that they have abandoned all prior domiciles and intend to remain in Louisiana
- b. Persons who have not and are not registered for more than the equivalent of six credit hours per semester and who have resided in Louisiana in accordance with the one-year domiciliary requirement.

The mission of the Office of Financial Aid and Scholarships is to assist students in obtaining funds to achieve their educational potential. The University provides assistance to students through three basic sources: grants, employment and scholarships. The primary purpose of the financial aid is to provide assistance to students

who, without such aid would find it difficult or impossible to attend college. Our primary source of funding is from federally funded programs. To determine eligibility, students must complete a Free Application for Student Aid (FAFSA), which takes into consideration all factors that affect a family's financial status. The FAFSA must be completed each school year you plan to attend school. Students may begin the process on January 1st of each year. The FAFSA may be completed online at <http://www.fafsa.ed.gov>. SUSLA's Title IV code is 007686 which must be included to ensure that the results are accessible to the financial aid staff. In addition to completing the FAFSA, student must meet the following requirements:

- Be enrolled or accepted for enrollment as a regular student working toward a degree or certificate in an eligible program.
- Be a U.S. citizen or eligible non-citizen
- Have a valid social security number
- Submit an official high school transcript or General Education Development (GED) certificate to the Admissions Office
- Certify that all federal/state student aid awarded will be used for educational purposes only by signing a statement of Educational Purpose; which is located on the FAFSA
- Must not be in default on a federal student loan or owe a refund on a federal grant.
- If male and aged 18 through 25, register with the Selective Service. Students may give Selective Service permission to register them by checking a box on the FAFSA or via the Internet at <http://www.sss.gov>
- Must not have earned a Bachelor's Degree
- Must maintain satisfactory academic progress.

A select number of students who apply for federal financial aid must verify the information submitted on the FAFSA application. Therefore, students must be prepared to submit income documents to the Financial Aid Office. All requested documents must be submitted in a timely fashion to ensure the prompt processing of financial aid requests.

Students who transfer to Southern University at Shreveport from any other college/university or vocational/technical schools must take the necessary steps to ensure that they will be eligible for financial aid as it does not automatically transfer. Official academic transcripts from all schools previously attended must be submitted. As soon as possible, transfer applicants should contact the Financial Office to find out what steps should be taken to ensure receipt of aid at Southern University at Shreveport.

The law suspends aid eligibility for students convicted under federal or state law of sale or possession of drugs. Students who have been convicted of drug possession while receiving financial aid are ineligible for one year from the date of a first conviction, two years after a second conviction and indefinitely after a third conviction. Students convicted of selling drugs, are ineligible for two years from the date of a first conviction and indefinitely, after a second conviction. If eligibility is lost, a student may regain eligibility early by successfully completing an acceptable drug rehabilitation program. For more information, contact the Financial Aid Office.

SUMMER ELIGIBILITY FOR FINANCIAL AID

Only eligible continuing students and beginning freshmen are considered for financial aid for Summer Sessions. Scholarships and loans are not available for summer-only enrollees. The Financial Aid office only award FSEOG and Pell Grants to eligible students for the summer.

SATISFACTORY ACADEMIC PROGRESS

The U.S. Department of Education requires colleges and universities to adopt specific guidelines to monitor the academic progress of students receiving federal or state financial assistance. The regulations require the Institution to monitor student grades and number of hours attempted/earned to determine whether students are eligible to receive financial assistance. Any student that does not maintain satisfactory academic progress has the right to initiate a financial aid appeal. In such cases, students shall not be paid retroactively for terms where eligibility is lost. Additional information can be obtained in the Financial Aid Office.

FEDERAL GRANTS

There are several types of grants a student may obtain at Southern University at Shreveport. They are as follows: Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Leveraging Educational Assistance Partnerships, Veterans' Benefits, Vocational Rehabilitation, Armed Forces Reserve, and National Guard. For information on military-related stipends, contact the Registrar's Office.

Federal Pell Grant

The Federal Educational Amendment of 1972 established a program that entitles eligible students to receive Federal Pell Grant awards. These awards range from \$577-\$5,730 for an academic year, depending on the student's eligibility as determined by the U.S. Department of Education, his/her enrollment status and the Institution's cost of education.

Federal Supplemental Education Opportunity Grant (FSEOG)

Southern University at Shreveport, in cooperation with the federal government, has limited funds to provide grants to be eligible students. The amount of the grant is based on the individual student's financial need and availability of funds.

VETERANS BENEFITS

Each veteran or child of a deceased or disabled veteran should apply to his nearest Veterans' Administration Office for a Certificate of Eligibility. Application should be made prior to registration. Certificates of Eligibility are sent directly to students. Students must submit the Certificate of Eligibility to the Registrar's Office for authenticating processing.

VOCATIONAL REHABILITATION

A student who has a physical disability may obtain assistance for tuition and books through the Louisiana Department of Education's Division of Vocational Rehabilitation. Students who feel they may qualify should apply for assistance at the nearest rehabilitation office.

FEDERAL LOANS

Southern University at Shreveport currently provides loans to students through the William D. Ford Federal Direct Loan Program. The Direct Loan Program is backed by the government and is administered by the financial aid staff to help students meet their educational goals. Repayment of the loan does not begin until the student has left school or does not enroll at least half-time, and the grace period has expired. Loans are disbursed in two installments per semester.

To be eligible for Federal Direct Loans, students must submit a FAFSA. The financial aid staff will use information from the FAFSA to determine eligibility for Subsidized Direct Loan. The federal government pays the interest that accrues on the loan while the student is in school.

The Unsubsidized Stafford Loan is not based on need and the student is responsible for paying the interest that accrues on the loan. Interest begins accruing immediately after disbursement. However, students may choose to pay the interest while in school or defer payment until repayment begins. Interest that deferred will continue to accrue and is added to the loan principal, which is called capitalization. Capitalization increases the balances of a student's loans. As such, it is strongly suggested that students make interest payment while in school.

STUDENT EMPLOYMENT

Using funds from the federal government, Southern University at Shreveport provides jobs for students who need financial assistance. Through the Federal Work-Study Program, the Office of Financial Aid arranges jobs for students' on and off-campus with private non-profit agencies. Students are paid at least the hourly minimum wage. Interested students should apply in the Financial Aid Office.

The Southern University Board of Supervisors make scholarships available to qualifying student. Scholarships are awarded by the University Scholarship Committee and administered by the Financial Aid Office. The following University, state and private scholarships are available:

The Southern University at Shreveport Foundation is designated by the Southern University System and the Board of Supervisors of the Southern University as an official fundraising agency. The Foundation functions in conjunction with the Southern University System Capital Campaign. It is a non-profit corporation chartered under the laws of the State of Louisiana. The Foundation is empowered to solicit and receive donations, gifts and contributions. It also administers funds and manages assets to enhance the quality of education.

INFORMATION TECHNOLOGY CENTER (ITC)

The Information Technology Center (ITC) provides technology-related services to support academic, administrative, and operational functions of Southern University at Shreveport.

Consistent with Southern University at Shreveport's (SUSLA) mission of providing leadership and promoting university excellence through superior services, the Information Technology Center (ITC) promotes an environment that integrates technology into the fabric of the institution and provide all of the University

constituents with the information, tools, and services needed, when and where they are needed to accomplish their goals. ITC supports the University mission through excellence in design, development, and application of information technology for the University community. Provides leadership and guidance in the use of information technology within SUSLA and enable members of the University community to undertake instructional, research, administrative, and management tasks in an efficient manner.

The unit manages the University's computer networks and accessibility to the Internet, E-Mail, Website and web services, MOODLE Learning System, Banner Student Information System, Telecommunication Services, and Computer Laboratories.

The ITC coordinates technology projects with the Southern University Systems office, and transacts technology related businesses with governmental agencies and vendors.

BANNER WEB SERVICES

The Banner Student Information System account allows you to register for classes, accept fees and Financial

Aid, pay online, check your grades, view your account and print unofficial transcripts. Your Banner User ID is a series of numbers beginning with '9' and is generated automatically by Banner System at the time of admissions. Your Banner User ID is printed on your class schedule, fee sheet and Student ID card.

MOODLE

Moodle is an Open Source Course Management System (CMS), also known as a Learning Management System (LMS), or a Virtual Learning Environment (VLE).

The focus of the Moodle project is always on giving educators the best tools to manage and promote learning, but there are many ways to use Moodle:

- Moodle has features that allow it to scale to very large deployments and hundreds of thousands of students, yet it can also be used for a primary school or an education hobbyist.
- Many institutions use it as their platform to conduct fully online courses, while some use it simply to augment face-to-face courses (known as blended learning).
- Many use the activity modules (such as forums, databases and wikis) to build richly collaborative communities of learning around their subject matter (in the social constructionist tradition), while others prefer to use Moodle as a way to deliver content to students (such as standard SCORM packages) and assess learning using assignments or quizzes.

Instructors and students can access materials at any time from any computer with an Internet connection. SUSLA's Moodle Learning System is accessed by logging on to the SUSLA web page at www.susla.edu and clicking the Moodle link. For more information, call (318) 670-9911.

CULTURAL AND RECREATION

The Johnny L. Vance, Jr. Student Activity Center serves as an academic support outlet providing a healthy, well-rounded environment conducive to the development of students' social, educational, cultural, and spiritual well-being. These opportunities are provided through creative programs, presentations and services. The Center's primary objective is to complement academic life with activities outside the classroom.

Programming is the lifeline of the Student Activity Center. Several events are presented throughout the year including seminars, art shows, socials, speak-outs, and a variety of workshops, movies, lecture series, self-improvement classes and pageants.

SOUTHERN UNIVERSITY MUSEUM OF ART AT SHREVEPORT (SUMAS)

The mission of the Southern University Museum of Art at Shreveport (SUMAS) is to assure that the art, artifacts and other treasured works of Africans, African-Americans and their descendants are accessible to the community in an organized and cherished collection, in a place of historic significance on the campus of Southern University at Shreveport.

It is the goal of the SUMAS to provide an array of learning experiences to a variety of audiences and to serve as a resource for diverse communities through the imaginative use of the museum and its collections.

SUMAS is primarily aimed at educating the public about the history of African and African-Americans through the artistic, historical and cultural contributions they have made to the American experience. Also, it is a privilege of SUSLA to offer a glimpse of the culture of Africa via its extensive collection of art and artifacts.

COMMUNICATIONS E-Mail and Internet Services

Students who are currently enrolled at Southern University at Shreveport (SUSLA) will receive e-mail, internet service and MOODLE accounts that will automatically be generated once the fee-payment process is complete.

These services are provided at no additional charge to students.

For more information on E-mail and Internet access, contact Information Technology Center (ITC) at (318) 6709900.

Telephones

Office telephones are for the use of administrators, faculty and staff and should be used by students only with permission and for brief necessary calls.

Bulletin Boards/Message Centers

There are bulletin boards in each of the campus buildings. There are two (2) large electronic marquees on campus. Information and announcements for the students' benefit are regularly placed on these boards.

Announcements for the marquee should be submitted to the office of Information Technology Center.

Here are examples of bulletin board announcements:

- a) Arrival of checks (financial aid, work-study, scholarship, refund, etc.)
- b) Notice to report to an administrative or faculty office
- c) Postponement of a scheduled activity
- d) Job openings
- e) Examination schedules
- f) Postponement or delays of a class or meeting
- g) Updated information relative to certain important events or procedures, e.g. registration, advisement, assemblies, etc.

Scheduling and the general atmosphere of the campus make it virtually impossible to make timely contact with each student individually. Therefore, it is very important, and students are strongly urged, to make reading the bulletin board a daily habit.

Axis Television Monitors

Southern University has installed several AXIS Television Monitors in year 2006 to inform students about current events and activities at the University. The monitors are currently located in the L.C. Barnes Administration building, Health and Physical Education Building, Louis C. Collier Hall (Science Building), New Classroom Building (NCR), Johnny Vance Student Center, Aerospace Technology center, and at the METRO Center, 610 Texas Street.

Announcements

In addition to the bulletin boards and the AXIS Television Monitors, announcements are often given by e-mail and verbally during an assembly (students are expected to attend assemblies). Printed announcements are circulated among classrooms for the instructor to read or have read in class. These are sometimes posted on the classroom door.

It is the student's responsibility to be aware of the information contained in these announcements.

Media Coverage

In an effort to remain consistent with the University's goals and objectives, information disseminated to the media or any other outside entity must be professional, accurate and consistent and reflect a positive image of the University. The primary duty of the Office of University Relations is to serve as a liaison between the University, media and the general public. All official, approved notifications and communications of the University will be disseminated via the Office of University Relations.

Students are encouraged to report any newsworthy matters regarding student events and activities to the Office of University Relations via the designated sponsor. All information must be channeled through this office, where it is then forwarded to the appropriate media.

Because this type of information is usually public service, there is no guarantee that it will be announced; however, every possible effort is always made to see that it is. News should be submitted at least seven (7) workdays prior to the release date. News release request forms are available from the Office of University Relations as well as online at:

https://docs.google.com/forms/d/1GqFcKCTDgx6VLAozlcUmdp_qLF8TEBZIF41q1n5n2yl/viewform

VENDING MACHINES

Funds lost in vending machines are to be reported to the Cashier's window located in the Leonard C. Barnes Administration Building. The Cashier will periodically request refunds from the appropriate vendors and disburse them when received.

LOST AND FOUND CAMPUS POLICE DEPARTMENT SECURITY BUILDING

Articles that are lost should be turned in to the University Police Department. Lost articles or items may be claimed upon providing a proper description. After sixty (60) days unclaimed articles are given to charity. After thirty (30) days unclaimed cash found is given to the person who found it. Announcements about lost items may be posted on campus bulletin boards with prior approval from the Assistant Vice Chancellor for Student Affairs and Enrollment Management.

Residential Living

SOUTHERN UNIVERSITY AT SHREVEPORT LOUISIANA (SUSLA)

Living Learning Community

Higher education has an interesting history. Once students and faculty members live together in what is known as dormitories. College students, most of whom were boys the ages of today's high school students, were subject to strict codes of conduct and regimented schedules. The academic, social, and moral aims of the college were indistinguishable.

Fortunately, higher education changed, allowing students more freedom, rights, and responsibilities. During such change on college and university campuses, the term "dormitory" was replaced with the term "apartment style residential housing". Dormitories or dorms were considered as buildings in which students merely slept. Conversely, apartment style residential housings are places that offer more than bunks and pillows; they are environments that augment student learning and development. The shift in terminology may seem minor, but at SUSLA, and particularly for the Division of Student Affairs, we take seriously our emphasis on apartment style residential housings as environments that foster quality student living and as places that extend classroom learning. The Office of Residential Life employs professional residential living staff committed to student learning and development. Apartment style residential housing is an environment where student growth and development occur through formal and informal programs, activities, and through the cultivation of community.

Our residential living facility is a place for student leadership opportunity through the Residential Life Association. There are different activities, organizations, and programs are offered to enhance student life, it is ultimately up to students to take advantage of these opportunities.

WELCOME

Greetings on behalf of the Southern University at Shreveport (SUSLA) Office of Residential Life! We would like to take this opportunity to thank you for including campus housing as a part of your University experience. Our residential living staff is committed in its belief that the on-campus living-learning environment enhances the collegiate experience.

You are enrolled at SUSLA at an exciting time. As you settle into college life, many changes will be taking place at the University and in your life. As an on-campus student, you will have the opportunity to experience situations that are both new and challenging. We hope that you will keep pace successfully with these new challenges and that you will take advantage of everything that SUSLA has to offer.

As a student at the University, your life will center on the campus. While you are here, you will learn from an excellent faculty, enjoy the beauty of the campus, and thrill at the excitement of SUSLA athletics and other programs. All are part of the wonderful traditions of the University.

Before you become a part of these traditions, you must make some important decisions regarding your particular life-style. Hopefully, this Residential Living Handbook will provide you with many areas of information you will need to help make those decisions. Your decision to live on campus will prove to be an exciting one if

you will take advantage of the programs and services that are available to you. Living on campus will provide many opportunities for you to become involved in the University. On campus living can improve your performance in the classroom. Your learning outside the classroom will also be enhanced by the wide variety of people you will meet every day.

If along the way you have questions about Residential Life or SUSLA, please do not hesitate to talk with a Residential Life staff member. Our staff will be happy to offer any assistance that we can. We may not know the answers to all of your questions, but we will find out where to get them.

Good luck to you as you enter or return to SUSLA in what we hope will be the start of a great and educationally purposeful academic experience.

SUSLA is a great place to live and learn!

MISSION STATEMENT

Residential Life supports Southern University Shreveport's mission, providing safe and affordable opportunities for residents to grow and develop in all aspects of their individual lives. In addition, Residential Life strives to be a community of individuals that teach the value of diversity, citizenship and promote respect towards others. We are committed to perform with integrity, dignity and competence in our service to our residents and the university as a whole. Residential Life promotes both personal and social maturity with its educational, recreational and social as well as leadership programs.

Academic Support

This goal is accomplished by promoting an environment conducive to learning by enhancing student-faculty interaction in residential settings, and by establishing strong partnerships with other campus departments.

Valuing Diversity

We are committed to being a community of staff and residents in which individual rights are defended and individual differences are respected.

Residential Life Program

On-campus residences are intentionally managed to support the residents' transition from high school to the University as well as successful matriculation through SUSLA. Citizenship skills are taught through involvement in social and educational programs, self-governance, resident-staff partnerships, student employment opportunities, and resident accountability.

Residential Life Theme

Program Purpose

The purpose of the SUSLA Residential Life Theme is to promote a direct link between residential, academic and extracurricular life for students at SUSLA.

The Residential Life Theme is designed to provide students who have common educational endeavors or common extracurricular interests with the opportunity to live together in a campus housing setting.

By focusing on a specific area of residential living, the Residential Life Theme can profoundly impact the experiences of our students on campus by providing academic, fitness and wellness, cultural, community service, leadership and Residential Education Experience themes.

The Residential Life Theme will increase students' opportunities to pool their resources, learn from each other and serve as an effective living/learning tool as has been demonstrated at other institutions.

The Residential Life Theme will utilize the Residential Education Experience program to enhance the educational growth and development of first year students by providing academic enrichment opportunities in the apartment style residential housings that will enhance faculty and student interaction. Faculty members will provide freshmen students with evening writing/math labs, tutoring, classes, supplemental instructions, office hours and academic advisement in the resident halls. (DREAM!)

Getting the Most from College

Getting Involved On-Campus: One of the best things that you can do to ensure your success in college is to get involved with some co-curricular campus activity. Joining an organization will help you make new friends quickly, but will aid in your developing leadership skills and in networking with peers that may help you in your future career. The experiences you gain outside the classroom will be of great benefit when you begin your job search after college. Think of it this way: your degree will qualify you to interview for jobs, but what you did while in college is most likely what can win you a position. Finally, you will feel more connected to your college if you join an organization as well, which will help to motivate you during those periods when you feel discouraged and may consider giving up.

There is virtually no limit to ways that you can get yourself involved. Social organizations, student government bodies, apartment style residential housing councils and committees, as well as work opportunities on the campus, can all be outlets for involvement. If you are having a hard time finding something that interests you, talk to your residential housing staff or to another student who is involved and find ways to get plugged in. It only takes the slightest effort to avail yourself of the wealth of opportunities on campus.

Developing Leadership: Joining an organization is really only the first step in your involvement on campus. Organizational involvement will provide many opportunities for you to develop your skills as a leader. You don't have to be president, vice-president, or secretary of your group to exercise leadership, either. Any initiative that you take to get involved in organizing events and activities, finding ways to improve the organization, or bringing new ideas and perspectives to the group is an exercise in leadership.

The university staff can't do it all. Is there something that you think could make the community better? Get in touch with a staff member who can help plug you into resources, but don't just leave it in their hands. Take the initiative to make your ideas happen. You will find huge payoffs in terms of your social, academic, and professional development, and will get far more out of your residential experience if you do.

Time Management: The college lifestyle is hardly one that can be described as dull or uneventful. There will be a never-ending stream of demands on your time. The sooner that you begin to take control and manage your time, the better your college experience will be. Imagine that at the beginning of each day, some kind individual gave you a huge quantity of cash. Every day you can spend that cash any way you want to, but there's a catch. At the end of the day, you have to give back whatever is left. You can't keep it and carry it over to the next day. If this were true, wouldn't you work to make sure you spent the money in the best way possible every day, so that you could get the most "bang for the buck?" Time operates in the same way; every day you will have a finite supply of time to draw from, but at the end of the day your time to get things done is over. It is important that you insure that you are getting the absolute greatest value out of every minute you spend.

Leadership Opportunities

One of the most rewarding experiences you can have at SUSLA is to take advantage of the many available leadership opportunities. Below are a few of the possibilities.

Residential Life Association

The Residential Life Association (RLA) is the central student governing unit for the Jaguar Courtyard apartments. The purpose of this organization is to identify and make known the needs of all on campus students, to seek improvements in the living environment, and to present programs that meet residents' needs and interests. The RLA serves as the voice of the residents concerning Residential Life Handbook Policies & Procedures and life within the residential facility. Every resident is encouraged to become a member of the RLA. For more information, please see the **Residential Life Association** information section of the **SUSLA Residential Life Handbook**.

Activities and Programs

One of the many advantages for SUSLA students living in on campus residential facilities is the great number of activities and programs available to you. The staff of the Office of Residential Life offers recreational, social, educational, occupational, values/spiritual, cultural and intellectual programs each month.

Examples of different types of programs include workshops on career planning, choosing a major, dressing for success, time management, stress management, relationships, values, alcohol and drug awareness, eating disorders, Bible study, and social programs such as ice cream parties. Residents are encouraged to submit their ideas and assist the staff in planning programs.

*Community Living Standards****

*****For more information regarding SUSLA community living standards, residential policies, and sanctions/judicial procedures, please see the *SUSLA Residential Life Handbook*.**

Southern University at Shreveport Code of Conduct

CODE OF STUDENT CONDUCT

STUDENT RIGHTS AND RESPONSIBILITIES

Southern University students are expected to obey federal, state, and local laws in addition to the rules and regulations of the University. These rules and regulations of the University are found in the Student Handbook. The Student Handbook is available for review on-line at <http://www.susla.edu>. The University, as an educational institution, has a special set of interests and purposes (the protection and promotion of which are essential to its effective functioning). These include: (a) the opportunity for students to attain their educational objectives; (b) the creation and maintenance of an intellectual and educational atmosphere throughout the University; (c) the protection of the health, safety, welfare, property, and human rights of all members of the University; and (d) the protection of the property, and reputation of the University itself. The approach to conduct emphasizes the University's obligation to promote the personal freedom, maturity, and responsibility of students however; students have a clear responsibility to conduct themselves in a manner in which they assist the University in achieving its goals.

Southern University adheres to the concept of educational discipline; therefore, when a student is not a danger to the University community, and when repetition of the misconduct is unlikely, the University will make every effort to educate the student through a sanction. But should a student demonstrate that he or she is unwilling to obey the rules governing conduct, he or she will be treated the same as one who has failed academically and will be separated from the University.

Students at Southern University at Shreveport have the right to be free from all forms of discrimination on the basis of race, age, creed, disability, color, religion, sex/gender, political affiliation, and/or national origin.

The inherent aim of the Southern University System is to take into account the student who needs adequate supervision and the more mature student whose development requires some latitude for experimentation. Therefore, the student is expected to assume more and more responsibility for his/her behavior.

STATEMENT OF PURPOSE

Southern University at Shreveport is an integral part and an accredited member of the Southern University System. The primary concern of Southern University at Shreveport is to provide and maintain quality education in the varied fields of knowledge for its constituents. The range of educational offerings include developmental or compensatory courses below collegiate grade; one-and two-year programs in technical and semi-professional fields leading to careers, two-year curricula leading to associate degrees, and transfer programs that qualify the student to enter the third year of a four-year college or university. A wide variety of credit and noncredit courses, special institutes, workshops, seminars and short programs is offered for part-time students during the day and evening hours.

CONDUCT AND INSTITUTIONAL POLICIES AND REGULATIONS

Purpose of Student Conduct Policies

1. To maintain a way of student life that is physically and psychologically healthy.
2. To protect the Institution from behavior which jeopardizes SUSLA's ability to exercise its responsibility and achieve its educational mission.
3. To sufficiently preserve satisfactory relationships with the larger community, of which the Institution is a part, so as to enable the Institution to obtain the necessary resources and support to fulfill its primary educational task.
4. To maintain order and to control behavior that infringed upon the freedom and privacy of others.
5. To protect the students on campus from bodily harm.

The inherent aim is that students will assume more responsibility for their expectation of themselves.

A University cannot function without a minimal set of policies and regulations that it will enforce. Therefore, policies and regulations that make students liable to University discipline (within prescribed hearing or "due process" hearings) are:

1. Student behavior which is
 - a. Damaging to property or which inflicts physical harm on persons, e.g. defacing property, assaulting a person, stealing (includes an examination).
 - b. Disruptive or disturbing to other persons, e.g. excessive noise or music inside or near building, running inside buildings.
 - c. Obscene—e.g. indecent exposure, shouting, profanity.
2. The possession, use, or distribution of marijuana, LSD, or other hallucinogens and narcotic drugs or alcoholic beverages.
3. The refusal to respond or report when duly summoned by an administrator, faculty member, or campus police officer or unwarranted verbal abuse of any or the aforementioned.
4. The playing of cards or any type of games of chance during school (except in areas which may be designated for such activities).
5. Those forms of on-campus activity whose distinctive character is physical force or obstruction, or deliberated disruption or organized activities

6. Defacing or abusing property
 - a. Cutting or marking furniture or walls
 - b. Lying down or having feet on furniture
 - c. Sitting on railings in lounge areas
 - d. Breaking glass (structural or otherwise)

The above policies apply to all campus buildings including lounge areas, classrooms, rest rooms, and stair landings, etc.

STANDARDS OF STUDENT CONDUCT, RIGHTS, AND RESPONSIBILITIES

Students are expected to conduct themselves as responsible citizens. Faculty, staff, and administrators have the authority to establish and maintain standards of conduct for students. This authority not only extends to the classroom and all on-campus activities but also to all University sponsored off-campus activities. Any student who fails to conduct himself/herself responsibly with respect to persons and property may be withdrawn from school. The University may also drop a student from a class or from all classes for any breach of conduct. Students who are removed from a class or classes can seek appeal by due process.

The standards of student conduct are subject to change by action of University administration.

DANGEROUS CONDUCT

Dangerous conduct to self or others or conduct that creates a disturbance or disrupts the ability of the University to carry on its essential functions may constitute —dangerous conduct. In accordance with the Drug-Free Schools and Communities Act, the University's standards of conduct prohibit the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees, on the University's property or as part of any of its activities.

INTRODUCTION

The Southern University at Shreveport Code of Student Conduct is promulgated by the Office of the Chancellor under the power and authority of the Southern University Board of Supervisors and the authority delegated by the Board of Supervisors and through the President of the University System to the Office of the Chancellor and other administrative officers. These regulations are administered by the Office of Student Affairs

The definition of the University's role in student rights, duties and responsibilities is contained in the By-Laws and Regulations of the Southern University Board of Supervisors. The By-Laws and Regulations of the Southern University Board of Supervisors may be found on-line at <http://www.susla.edu>.

The Southern University Board of Supervisors subscribes to the principle that the freedom to teach and freedom to learn are inseparable facets of academic freedom and that freedom to learn depends upon appropriate opportunities and conditions in the classroom, on the campus and in the larger community.

The Southern University System has the duty and the corollary disciplinary powers to protect its educational purpose through the setting of standards of scholarship and conduct for students. The administration of discipline should guarantee due process to a student accused of misconduct.

DISCIPLINARY PROCEDURES OR SANCTIONS

A student admitted to Southern University at Shreveport accepts the responsibility to conform to such regulations that the University may promulgate via the Student Handbook. The University has the authority to impose sanctions on a student who fails to meet this obligation. In determining possible sanctions, the University will consider the type of offense, the welfare of the student and the University, and any prior disciplinary record of the student. One or more of the following disciplinary sanctions may be imposed: expulsion, suspension, probation, warning, or the imposition of reasonable fines.

A student may appeal any disciplinary sanction within 72 hours after notification of the sanction. The Student Affairs Office will make reasonable effort to make the regulations available in printed form and online, but students are responsible for becoming familiar with such regulations and are held accountable for any misconduct, even in the absence of such familiarity.

DEFINITIONS OF PENALTIES OR SANCTIONS

1. **Disciplinary Warning** – An official notification to the student that he or she has violated the University rules, regulations, procedures, and policies. Any further misconduct will result in one or all of the more serious disciplinary sanctions: disciplinary probation, disciplinary suspension, or disciplinary expulsion. This sanction is part of the official record but is removed at the time student completes the degree program in which he or she is enrolled, transfers to another institution, or seeks employment.
2. **Disciplinary Probation** – An indication to a student that his or her behavior has resulted in a sanction extremely close to suspension. If a student already on disciplinary probation comes before the Committee for a second case of misconduct and is found to have violated the Code of Student Conduct again, it is imposed for a definite period of time. II. POLICY SCOPE AND AUDIENCE

SUSLA does not condone hazing, which is defined as any conduct that subjects another person to humiliation, degradation, abuse, intimidation, harassment, or endangerment of mental or physical health or safety as a condition of association with a group, regardless of the person's willingness to participate. This policy aims to maintain safety for all students who participate in the institutions' activities, programs, groups, teams, organizations and Greek-lettered associations.

A hard copy of this policy will be disseminated to all fall 2018 students via email; thereafter a hard copy will be disseminated to all students at orientation.

- a. SUSLA hazing policy shall comply with applicable laws and regulations, and shall be amended to reflect any changes to such laws and regulations, including but not limited to the following:
 - i. Act 635 of the 2018 Regular Session of the Louisiana Legislature, which creates the crime of criminal hazing, provides definitions and exceptions, and establishes exceptions and penalties;
 - ii. Act 637 of the 2018 Regular Session of the Louisiana Legislature, which creates an obligation to offer reasonable assistance, including seeking medical assistance, to someone who has suffered serious bodily injury caused by reckless behavior, including hazing; and,
 - iii. Act 640 of the 2018 Regular Session of the Louisiana Legislature, which prohibits hazing at Louisiana's postsecondary institutions,

requires BOR to adopt a uniform policy on hazing prevention, requires postsecondary institutions to adopt and expand on BOR's uniform policy in a manner consistent with the laws and BOR policy.

SUSLA realizes that failure to comply with any applicable laws and regulations, including those listed above, will constitute a failure to comply with SUBOS Policy.

b. In addition to the definitions and other provisions in compliance with laws and regulations, including those listed above, SUSLA will implement measures to prevent and address hazing, beginning in fall 2018, unless otherwise noted, some of which are as follows:

i. Prevention and Education Programs

1. Each new student shall be provided educational information on the dangers of and prohibition on hazing during the new student orientation process in the form of a handbook.
2. In addition to the requirement of providing educational information in the form of a handbook as provided in the previous paragraph, beginning in the fall semester of 2019, each new student shall be provided educational information on the dangers of and prohibition on hazing during the new student orientation process either in person or electronically.
3. In compliance with SUBOS Hazing Policy and related state directives, each organization, as defined in this policy and in R.S. 17:1801.1, shall provide annually in person, electronically, or both at least one hour of hazing prevention education to all members and prospective members. The education may be provided in person, electronically, or both. Each organization shall submit a report annually to the Assistant Vice Chancellor of Student Success that lists the students receiving such education evidenced by an attestation of the student receiving the education.
4. The hazing prevention education required under the provisions above shall include the information about criminal penalties for the crime of criminal hazing. Information shall also be provided to organizations on their obligations under the law, including the duty to investigate and report; and on the possible loss of funding and other penalties applicable to organizations under the Hazing Laws.

ii. Duty to Seek Assistance

In accordance with Act 637 of 2018, codified at R.S. 14:502, SUSLA hazing policy requires any person at the scene of an emergency who knows that another person has suffered bodily injury caused by an act of hazing shall, to the extent that the person can do so without danger or peril to self or others, give reasonable assistance to the injured person. Further, SUSLA policy and educational information shall include the criminal penalties for failure to seek assistance in violation of R.S. 14:502.

iii. **Enforcement of Laws, SUBOS Policy and Institutional Policy**

SUSLA shall implement and enforce its Hazing Policy with full fidelity and consistency with the Hazing Laws as listed above, including the SUBOS Policy. SUSLA is fully cognizant that failure to enforce or inconsistencies in enforcement will constitute violation of the Hazing Laws and SUBOS policy.

VI. POLICY RELATED INFORMATION

SUSLA realizes that it must make a good faith effort to carry out both the letter and spirit of its Hazing Policy and to deploy best practices in doing so, some of which are outlined below:

a. **Ongoing Prevention and Awareness Campaigns**

Ongoing prevention and awareness campaigns may consist of programming, initiatives, and strategies that are sustained over time and focus on increasing understanding of topics relevant to hazing prevention. An example of such an initiative or program is joining institutions across the country in the observance of National Hazing Prevention Week.

b. **Data Collection and Analysis**

Institutions are encouraged to create task forces to gather, analyze and understand institutional data on hazing. Effective hazing prevention presupposes an understanding of the cause, identifying any trends that the data show and assessment of the risk factors as well as protective measures.

c. **Effective Intervention**

In collaboration with relevant organizations and student bodies, each institution is encouraged to develop intervention strategies and measures appropriate to the context specific to that institution and to the various organizations affiliated with it. The roles of bystander intervention and social norming are keys to hazing prevention and are recommended as part of campus intervention strategies. In support of state

laws to combat hazing, bystander intervention training and social norming should be part of any education and training aimed at preparing faculty, staff and community members to understanding hazing issues and statistics on campus.

d. Response Plan

SUSLA has formulated a team with the necessary expertise, including coaches, resident advisors, Greek-lettered organization officials, alumni and coaches. Each year before the beginning of the academic year, the team will develop a response plan delineating the procedures for handling any hazing incident.

This is a new policy. The effective date of this policy is determined by the approval dates of the Chancellor of the University, Chair of the System Board of Supervisors and the President-Chancellor of the Southern University and A&M College System.
