WHAT IS A BRAND?

NAME, VISION, MISSION. Design style of university publications. Logo usage. Colors. While these elements are all vital to upholding the University’s brand, they are only part of the equation. The SUSLA brand involves much more than a visual identity.

WHAT IS THE SOUTHERN UNIVERSITY AT SHREVEPORT (SUSLA) BRAND?

The Southern University at Shreveport (SUSLA) brand can be thought of as an image our constituents associate with our Institution. It is made up of definitions of who we are, what we do, and how we go about doing it.

When we incorporate SUSLA’s brand consistently in our University communications - through print, social media, online marketing materials, news releases, educational delivery, outreach programs - we continue to improve our reputation. By adhering to the brand, we prove to the public that we can be trusted to deliver what we promise as suggested in our core values - EXCELLENCE, INTEGRITY, ACCOUNTABILITY, SERVICE, DIVERSITY.

The SUSLA brand is the bridge that connects us to our students, faculty, staff, community and stakeholders. Positively articulating the SUSLA mark yields both internal and external benefits. Within the University, the brand serves as an internal compass of focus. If the Institution is clearly branded, we have a collaborative understanding of who we are and what we are about. We have a self-awareness that dictates our actions. All decisions are in alignment with the brand. Consistently articulating our brand, we build a stronger University identity. Externally, we create an identity and relationship that resonates with stakeholders and partners.

Each time faculty, staff, students and constituents come in contact with a SUSLA brochure, event announcement, social media platform, web page, etc., they form an opinion of our Institution. When they encounter consistent approaches, messaging and delivery of services, they feel a sense of familiarity and confidence. The end result is increased credibility and university standing.

Upholding the University’s brand does not start and stop with the Offices of Institutional Advancement / University Relation and Graphic Services. All employees shape the SUSLA brand through their actions, comments, and messages both internally and externally.

Our goal is to present a consistent high-quality image that appropriately reflects SUSLA’s standard of excellence. We encourage the University’s faculty and staff to become familiar with these guidelines and to use them whenever possible.
This section provides standards for use of many of the specific communications components that represent the SUSLA brand - including our name, trademarks, logos, and other marks. These graphic standards are designed to ensure accurate, consistent, and responsible use of these components.

Consistency, good visibility, and legibility are key elements to ensure proper use. Do not modify or distort the logo, wordmark, mascot or in any way. The logos and wordmark should only be reproduced using official university downloadable files.

All print media which will be displayed in representation of SUSLA MUST BE REVIEWED by the Office of Graphic Services.

Graphic illustrations in this manual are available in the Office of Graphic Services to assist with your specific needs. For assistance - call, (318) 670-9359 or email: dwade@susla.edu for assistance.

The official name of the University is SOUTHERN UNIVERSITY AT SHREVEPORT.
The official name can be shortened to: SUSLA

Do not refer to the University as:
- SOUTHERN UNIVERSITY SHREVEPORT
- SOUTHERN UNIVERSITY – SHREVEPORT-BOSSIER
- SUSBO

Consult SUSLA Social Media Policy at www.susla.edu

EXCELLENCE, INTEGRITY, ACCOUNTABILITY, SERVICE, DIVERSITY

- EXCELLENCE - defines us.
- INTEGRITY - having consistent moral and ethical standards.
- ACCOUNTABILITY - being answerable, responsible.
- SERVICE - professionalism and meeting the needs of our customers.
- DIVERSITY - Inclusion of individuals.
# OFFICIAL UNIVERSITY COLORS

The official University colors are Columbia Blue, and Gold. In addition to our primary palette, we use navy blue for Southern University System and SUSLA athletic related materials, and as a layering or secondary color. Secondary colors are navy, gray, white and black. Consistent use of the University’s official colors is critical to building brand consistency and awareness in the marketplace.

The Pantone Matching System (PMS), a set of industry standard ink colors. SULSA’s colors are - **Columbia Blue**: PMS 292, **Gold**: PMS 123.

The University’s logos / wordmark should be printed in process colors that match the PMS solid coated equivalents. The wordmark should only be printed in the primary colors matching the PMS equivalents.

# COLOR USAGE

SULSA’s official logos should always maintain maximum visibility over any background color or image. Where the color contrast is not high enough to distinguish the logo clearly, using the outline version of any logo is acceptable.

- Use the SULSA brand colors only according to the formulas provided in this manual.
- For printed documents, never rely on the output produced by a desktop color printer or by the appearance of colors on a computer monitor for true color accuracy. Pantone Matching System (PMS) colors should be used whenever possible.
- Lighting conditions in offices in addition to printers, copiers and monitor calibration typically do not match the PMS colors used by offset printers and production equipment.
UNIVERSITY LOGO

The SUSLA logo was created to establish a strong institutional brand for Southern University at Shreveport to represent the visual identity of the University and its academic excellence, while staying true to its tradition.

The Southern University at Shreveport wordmark is used to maintain an identity and recognition among our employees, students, sponsors, various partners and vendors with a consistent look throughout the campus community from individual departments, to student organizations, and the administration. The logo illustrated with the core values will be used for general University use, campus departments, student activities and events.

The SUSLA logo is presented in three versions. Each has been designed using typed kerned to specific proportional measurement to allow for accurate print/ digital reproduction.

The Southern University at Shreveport seal is the official, legally registered symbol of the University and should appear in formal uses, including:

- Chancellor, President’s and Board’s stationery
- Degrees
- Diplomas
- Certificates
- Formal chancellor invitations and initiatives

MARK INTEGRITY AND PLACEMENT

The SUSLA logo / wordmark and seal should always be used in an approved configuration. They may not be manipulated, rotated, or distorted into components or combined with any other elements. They must be used with official colors in at least their minimum size.

Mark placement include prominent positions such as the front and back cover or title page of publications, the beginning of advertisements and web sites, and the opening and closing of videos and films. The name of institution must appear at the beginning of a piece when the logo or seal is elsewhere in the material.

University departmental stationery, brochures, flyers, special events posters are some of the most distributed printed materials of SUSLA. In order to continue a consistent brand among the campus - internally and externally to represent the University, all forms of print media, video, website, etc., will be uniformed to carry out an impactful positive image of the University for all faculty, staff, students, stakeholders and vendors. Having a consistent look allow each member of the University to carry out the brand in all aspects.
The student wordmark and athletic logos are adopted as the official logos by Southern University at Shreveport's athletic department and the Division of Student Affairs and Enrollment Management for promotional items including - athletic wear, pens, cups, backpacks, posters, brochures, flyers, and advertisements, etc. The logos can also be used for large scale banners on and off campus and in the athletic facility.
